Too Late For UN To Act, Hightower Tells Group

GC to Pressure Water Co. To Get Better Pressure

Granite City council members authorized an all-out move against East St. Louis & Interurban Water Co. to get improved water pressure in Lincoln Place.

Tactics were discussed at Monday night's session as Fire Chief Earl Fronbarger said water pressure should have been at least 60 pounds on May 28 when several buildings were lost, and that gauges on city fire pumps showed only 25.

"I called for more pressure

three times and there was no action. Those mains in that area are from the old water system, and I guess they didn't want to increase the pressure and take a chance of breaking the mains," Fronbarger said.

Pressure tests were requested by Mayor Partney after the blaze, and a water company report, presented by Alderman Fry, stated that tests were made June 1 and pressure was 60 to 90 pounds.

Possible Solution

Fronbarger pointed out that American Steel Foundries apparently "was drawing off a lot of the water in its fire system to fight the flames threatening its pattern shop." He added that the present six-inch main, with fire hydrants in a line along the main, possibly could be supplemented with a tap-on to a 10-inch water main between the Army Depot and Union Street & Refining Co.

As a lever, the council decided to continue withholding its approval of a water company request for a zoning change to erect a large storage tower in the vicinity of Tri Mor Bowl. The city plans to make demands for additional fire hydrants, especially along Maple, Spruce and Poplar streets and on Independence drive where there are no hydrants.

Also, the council instructed City Atty. Allen to write the Illinois Commerce Commission to get in detail the responsibilities the water company has in supplying service to a municipality. A resumption of franchise negotiations is planned. Alderman

Mirif Products Plant to Reopen Late This Summer

Reopening of the Mirif Products Co. plant at 24th and Adams streets — closed since 1958 — is planned late this summer, it was learned today from A. J. Thompson, president and general manager of the firm now headquartered at Canton, Ohio.

Thompson said he could release no details of the company's plans at this time, pending more complete arrangements and rehabilitation of the grounds and buildings. Mirif Products Co. manufactures industrial lubricating products.

The company officials said the equipment used in the building prior to transferring operations to Canton, Ohio, in 1958, still is in the building. He said details of the company's plans will be announced about the middle of next month.

The guns, making up a collection stolen in Highland Sunday, were recovered by special agents of the Illinois State police and Madison officers early Tuesday morning in Madison.

CD Siren Test in GC Highly Successful

More than 100 local residents responded to a request by civil defense authorities and reported success of the CD siren test held in Granite City at 10:30 a.m. Tuesday, according to Victor H. Koenig, civil defense director.

Koenig said overall clarity of the warning signals sounded over the seven-siren network appears to have been excellent.

The official test was repeated at 10:30 a.m. Tuesday, July 4, and each ensuing first Tuesday of the month at the same hour.

School Breakfast Project in Venice Proves Successful

An experimental breakfast program last month for pupils of Lincoln elementary school, Venice, was rated highly successful, Supt. John O. Pier told board members Monday night.

"The project was very encouraging and justifies its expansion to include students of Venice elementary and high schools at the beginning of the 1967-68 school year," Pier said.

Reporting at the board's monthly meeting, the school administrator said that average daily participation in the breakfast program was 96 pupils, a figure almost equal to the 108 daily lunches served at Lincoln school, which has 203 students.

Supt. Pier noted that student participation in the regular school lunch program usually decreases in May, and added that he believed the daily average in the breakfast project will increase considerably in the fall and winter months.

State, Federal Funds

Subsidized with state and federal funds, the program provides a breakfast free of cost for children of low-income families, while students whose parents can afford the meal are charged 15 cents per day. The superintendent noted that only nine pupils qualified for the free

Valuable Gun Collection Recovered on Phone Tips

Aided by Madison police and a "tip" from an anonymous informant, special agents of the state police recovered in Madison early Tuesday morning a cache of guns, some of them valuable antiques, said to be worth several thousand dollars.

The guns were found about 5 a.m. in a car parked on a parking lot at 1000 State street, Madison. Taken into custody by Madison police, the car was in a rooming house at 1008 State street was Edward J. Ware, 24, who gave the State street number as his home address. He was charged with theft and was transferred yesterday afternoon from the city jail at Madison to the county jail at Edwardsville.

Series of Calls

Recovery of the guns and Ware's arrest followed a dramatic pattern of anonymous telephone calls by an informer who never identified himself. He first telephoned a police officer at Highland where the theft oc-

curred, later called the owner of the guns and then, to climax a series of promises that he would reveal the location of the lost, called state police agents at a Madison tavern where they had been directed to wait.

A total of 34 valuable rifles and shotguns and six handguns, which included an antique set of matched dueling pistols was recovered. Police said all of the guns listed as stolen were among those recovered.

The guns were taken Sunday from the Highland Supply Corp. at Highland, operated by Erwin Weder. Discovery of the theft was made Sunday evening by Harry Zeller, an official of the company who reported the theft to Highland police.

The following morning Ray Long, a Highland police officer, received the first of the anonymous telephone calls. The caller told Long the guns had been spotted in Madison and that he

Levee Board OK Of Plan May Cut Sewer Rental Fee

A plan by Canteen township in St. Clair county to hook a proposed new sewage system into the Lansdowne sewage treatment plant built by the East Side Levee and Sanitary district was approved by the levee board yesterday.

Levee board officials told the Press-Record the action is expected to result in an eventual reduction in monthly rental charges assessed against users of the Lansdowne sewage treatment system, including residents of Venice and Madison whose sewer lines connect with the levee district system.

Lawrence Tolar, levee board president, said an additional reduction in monthly rental fees will result from participation in the Lansdowne system of sewer networks by the city of Collinsville, which currently is trying to break a contract signed with the levee district by the previous city administration.

Meeting Set Friday

Tolar said that so far as he is concerned, the levee district intends to hold a meeting Friday to discuss the plan, primarily because of the additional cost incurred in planning the Lansdowne treatment system to serve a number of communities in the area. A meeting between Collinsville and levee district officials, in which Collinsville is expected to request release from the contract, is scheduled in the levee district offices Friday night.

When the levee district planned construction of the Lansdowne treatment system several years ago, rental fees were based on the number of participating communities and anticipated revenues toward retirement of revenue bonds for the project. The program included Collinsville, Venice, Madison, National City, Washington Park, Fairmont City and other communities.

sewer laterals could be connected with the proposed treatment system.

Tolar said yesterday that "Collinsville came to us, if you will remember, after we had started plans for the system. It cost us \$34,000 to revise our plans and specifications to include Collinsville. They signed a contract to be part of the system and the only way I see it is that they are still obligated under that contract."

To Attend Meeting

Scheduled to attend Friday night's meeting are members of the levee district board, including Supt. John O. Pier, Robert Hill, chief of staff using the latest techniques, equipment and medications," Dr. Hill explained.

The unit, which will be replaced with the ICU as it is called in the new wing to be constructed, is on the third floor, Dr. R. W. Binney Wing.

"The attending physician will have his chief objectives to save life and reduce the critical period of the patient he admits to the unit. The physician selects the decision on who is admitted and discharged," Sister Theresa said.

Specialized Training

"Most of the nurses staffing the unit have undergone special instruction at Bellevue Junior College. Training will continue this fall for the remainder of the nurses," the Sister added.

All of the personnel will continuously receive concentrated training directly related to the intensive care patient from various members of the medical staff.

The charges for the unit will be greater than the rate for a general care bed but substantially lower than the charges for a general care bed and round-the-clock special duty nurses which is what a patient required before the new unit opened, the sister said.

31 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH

City Pigeons Must Go—Squirrels Can Stay

Granite City council members agreed Monday night for elimination of the pigeon nuisance in the high school baseball field, but voted down a proposal to expand the eradication program to include squirrels.

While the Animal Shelter Board called for a more humane method of ridding the city of pigeons, it was an alderman who urged a reduction of the squirrel population.

Mrs. R. E. Chapman, head of the Animal Shelter Board, pointed out that private ventures to kill pigeons by poison was not only unsightly, but also creating more of a nuisance than the birds. She noted the pigeons are able to fly for some distance after eating poison and then flap into the streets or yards to die.

"It is disturbing for youngsters to watch them die," she wrote the council.

Council members referred to committee her suggestion to control with the state's Conservation Department on suitable methods.

Mrs. Chapman noted that pigeons break on the Feihing road curve at the high school baseball field for a private 24-foot road about 600 feet long for two purposes. The roadway will lead to property owned by the Lueders family where future development of apartments is planned and also will provide relocation of the storm water sewer serving Namooki Village shopping center.

He suggested the city hire an individual or firm to capture the squirrels and take them to wooded areas and turn them loose.

The squirrel eradication program was voted down 3-to-2, while the proposal to exterminate pigeons was given wholehearted support.

"The city hall itself has been called 'a pigeon drop,' and it was noted that unions also are being hit by the loss of jobs when workmen get when they climb towers or buildings where pigeons are nesting.

Granite Cityans to Vote Saturday on \$1,900,000 Sewer Bond Proposal

Sewer Vote Returns; Absentee Ballots

The Press-Record news staff will compile results of Saturday's special sewer bond vote in Granite City. Trends are expected by 7 p.m. Poll judges are urged to report their results to the office (TR 6200).

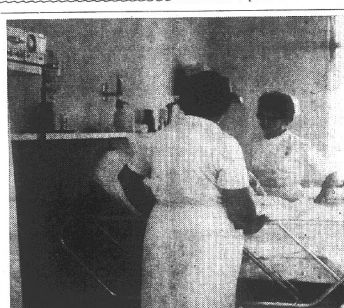

Absentee ballots for persons who will be away on election day may be cast at the office of City Clerk Homer "Cali" Pendleton today or tomorrow.

(Precinct Map, Page 37)

Granite Cityans voting Saturday on a "yes" or "no" ballot for a \$1,900,000 sewer bond issue will have a last chance to decide if the city is to get a \$1,500,000 grant of federal matching funds.

If the bond issue fails, the federal government wants immediate notification, so the funds can be given to another city. Over 900 cities throughout the nation are on the waiting list. Granite City has only to provide matching funds to get it.

Polling places for Saturday's voting will be open from 8 a.m. to 6 p.m. at 16 locations that are listed on page 37.

The general obligation bond issue would add 2 1/2 to a total tax bill, or about 30 cents a month to a tax bill of \$90.

With the \$3,400,000 (\$1,500,000 bond issue and the \$1,900,000 grant), the city would construct stormwater relief sewers for the central section of Granite City to end surface flooding and sewer backups.

Granite Cityans for Better Sewers are stressing this is the last opportunity for local residents to keep the \$1,500,000 federal funds allocated last year for the Granite City project. Saturday's election was called by the council after the May 6 light turnout of voters resulted in the defeat of a proposed \$8,000,000 bond issue to carry out a \$14,000,000 sewer program based on subsequent federal grants.

While the \$1,900,000 bond issue is more than the \$1,500,000 federal funds, the federal government pays a share of construction and right-of-way costs, but not the related costs.

The \$3,400,000 program is to include the start of a separation of storm water from sanitary sewage, and also provide sanitary sewers in areas now lacking them—North Granite, parts of West Granite and Lincoln Place and along Mercer drive.

New Intensive Care Unit Now Open at Hospital

An eight-bed Intensive Care Unit was opened this week at St. Elizabeth Hospital. It was announced today by Sister Mary Thomas, administrator and Dr. Robert Hill, chief of staff using the latest techniques, equipment and medications," Dr. Hill explained.

The unit, which will be replaced with the ICU as it is called in the new wing to be constructed, is on the third floor, Dr. R. W. Binney Wing.

"The attending physician will have his chief objectives to save life and reduce the critical period of the patient he admits to the unit. The physician selects the decision on who is admitted and discharged," Sister Theresa said.

Burglary Charge Dropped, Insufficient Evidence

A burglary charge against Kenneth Wayne Burcham, 38, of 2240 Jefferson avenue, was dismissed during a preliminary hearing Monday afternoon in magistrate's court because of insufficient evidence. He was released.

He was taken into custody early Saturday in connection with a burglary at the Lane Acres tavern, 1369 Edwardsville road, where a German shepherd watchdog had been shot and killed.

Carload of Matches Ignites at Venice

A freight car loaded with matches caught fire yesterday afternoon in the Terminal Railroad yards at Venice. Just south of the Broadway viaduct, and burned for more than an hour before Venice firemen could get into the car to extinguish the smoldering fire.

Railroad agents instructed firemen to leave the car closed to avoid air circulation that might explode the smoldering fire into a blaze. Venice firemen waited about an hour before opening the car doors to play water on the contents. The roadway will lead to property owned by the Lueders family where future development of apartments is planned and also will provide relocation of the storm water sewer serving Namooki Village shopping center.

7 Undergo Surgery At Local Hospital

The following have undergone surgery at St. Elizabeth Hospital since Monday:

David Martin, 300 Lenox avenue; Thomas Sherley, East Adams; Thomas Oburn, 3900 Oak avenue; George Parker, 99 Hill street; Clarence Reedy, 1941 Delmar avenue; John Isham, 4000 Cleveland; Arthur route One; Sam Naglich, 3128 Aubrey avenue.

Village Manor Subdivision

Referred to the City Plan Commission was a proposed development of Village Manor Subdivision. The subdivision is located on No. One with 16 lots south of Pontoon road at Stearns avenue and adjacent to the Eighth Avenue cloverleaf. Arthur McFarland is to be the developer.

C. of C. Endorses Sewer Bond Issue, Seeks Big Turnout

The board of directors of the Tri-Cities Chamber of Commerce voted to endorse Granite City's \$1.5 million sewer bond election Saturday during a dinner meeting Tuesday at the Rose Hotel restaurant.

The directors urged Chamber members to vote for the proposal and announced plans for a special telephone campaign to help get out the vote.

Six special telephones are to be installed in the C. of C. office Friday and Saturday and will be manned by members of the Jaycees who will be calling residents to remind them to vote.

The planning and zoning committee headed by Mr. Freeman Wells reported that updating of Granite City's zoning ordinance would be completed by late September by the Southeastern Illinois Metropolitan Area Planning Commission. The committee met recently with Theodore Mikessil, SWIMAP executive director, in Collinsville.

David Walker, Jaycee secretary, suggested that the C. of C. provide a scholarship fund for the winner of the annual Miss Granite City pageant, beginning next year. The Chamber has provided \$100 for the annual event. This year's pageant is set for next Wednesday night.

It was announced that the annual military recognition dinner will be held July 31. Military personnel at the Army Depot will be guests.

The board returned back to its education committee for further study a proposal that it endorse creation of a state board of education. A state board would be authorized to appoint a state superintendent of schools.

The education committee, in a discussion, felt that greater efforts should be taken to inform youths of available college scholarships, loans and grants.

The committee also reported that 901 survey sheets have been mailed to voters, and plans are being made to call those who have not returned the forms.

The highway committee reported that it is to meet with Alderman Ford Johnson to discuss truck routing through the area. The committee said that all highway projects under construction or planned are proceeding on schedule.

The next board meeting will be held on July 11 rather than July 4, a holiday.

GC Housing Board To Attend Conferences

Current housing bills still under debate in the Illinois legislature are plans to send representatives to two area conferences on public housing, one in St. Louis and one in Chicago.

The principal business discussed by the Granite City Housing Authority board Tuesday evening.

Commissioners met with Maynard Long of Chicago, regional director of the Illinois State Housing Board, and planned attendance at a conference in St. Louis, to be sponsored by the Regional Public Housing Administration, Tuesday in Decatur, and a four-day conference, to be given by Southern Illinois University-Southwestern campus at Park Marguerite State Park, Edge July 9-12.

Public housing will be explored at the July meetings.

After Commissioner E. J. Thompson was not in attendance Tuesday, his deputy, May 15 appointment by Mayor Pappert has not yet been confirmed by the governor and the state housing board.

4 Verdicts Returned By Coroner's Jury

Verdicts were returned Tuesday evening by a coroner's jury, in the recent death of four area residents. Three inquests and an inquiry were conducted by Madison County Deputy Coroner Alvin Caste, at the Pileger Funeral Home, 1229 Cleveland.

Caste said today that a verdict of death by asphyxiation was returned in the May 30 death of Darla Dee Maxfield, 42-month-old daughter of Mr. and Mrs. Bernard Maxfield, 80 Morris court, who was found dead in her crib.

Accidental death caused by a brain edema was determined in the death of Miss Julia Dorsey, 78, of Brooklyn, who died suddenly May 31 while a patient at Verdicts of death by coronary artery disease were returned in the deaths of two Edwardsville men, Harold W. Heien, 35, of 20 Lu Lu drive, who died May 31, and Raymond Weston, 41, of Rural Route Four, who died Friday.

In the endless drama of government action is the president, who not only makes the final decision, but also the style for all that other officials do.

"To bring this down to our immediate concern with communications, the personality and style of the president are crucial to the government's press relations," he added.

"This is at no point more true than in official Washington's current preference for background conferences and press conferences that has exploded around them," Hightower related.

He said that over the years President Johnson had had many on-the-record news conferences which were quotable and televised.

"But," he noted, "he has seemed to prefer informal private meetings with smaller groups of newsmen or with individuals. There could either talk off-the-record or limit the attribution of what could be reported. Mr. Rusk likewise preferred the smaller, informal meetings with reporters and what he says on such occasions is usually attributable to 'U. S. officials' or 'State Department officials.' Other important news personalities often employ similar methods."

"The background as we now know it—and protest against it—has its origin in world war. It was when men like General Marshall and Admiral King discussed their military and naval problems and progress of the war with small groups of reporters whom they felt they could trust completely."

"There are several reasons for growth of the background. One is that by the nature of their past experience, President Johnson and Secretaries Rusk and McNamara seem to think of public relations as the art of persuasion rather than the art of discussion. This comes down to saying that they wish the press to support their policies without necessarily knowing what they are doing. The conflict on this point between reporters and officials has been severe because reporters are far less interested in the rationale of events than they are in the events themselves."

Hightower said the rulers in Washington today exercise a power over the nation and over individual lives greater than any known in the past.

"In 1962 the people of the United States stood—tense, with most of the world—on the edge of total disaster for a long shuddering week and just two men made the decisions that saved their future. The previous year, 1961, produced the tragic go and stop decisions of the ill-starred Bay of Pigs venture. I have always thought that Premier Khrushchev's decision to make his missile maneuver was greatly influenced by his judgment of President Kennedy's earlier Cuban failure."

He said that the energy behind the Communist drive for resistance probably reached its peak in the late 1950's. "Khrushchev seemed to have realized after several years in office that the Soviet system would not last long time produce the big industrial complex and military hardware his country needed as well as space ships and consumer goods and housing it also wanted," he said.

Hightower arrived in the area Sunday night by plane, just a few hours before news of the outbreak of war between Egypt and Israel was announced. He left the Southwestern campus Monday night immediately after his address to return to Washington.

Hightower's address climaxed an afternoon and evening program of dedication events that began with a noon luncheon at the University Center at which Delye W. Morris, SIU president, was the principal speaker.

The afternoon program included a five-hour panel discussion moderated by H. E. Long, professor of SIU's Carlebach department of journalism, and the press conference, in which Hightower participated.

meal during the trial period, with remainder paying the 15-cent charge.

Under the program, the Venice school district will be reimbursed up to 15 cents per meal. The district also will receive extra amounts of various food commodities from surplus stocks to supplement, both breakfast and noonday meals.

In other action Monday evening, board members hired four new teachers for the 1967-68 school year.

New faculty members whose applications were approved, included Mrs. Marceline Boule of St. Louis, a graduate of Lincoln University, Jefferson City, Mo., with five years teaching experience, at a salary of \$820 per month. Calvin Butts of Alton, Ill., a Southern Illinois University graduate. A high school science, chemistry and physics teacher with four years experience. Butts was hired at a salary of \$780 per month.

Donald W. Mancell of Staunton, who was retained as band instructor for the Venice grade and high schools, at a monthly salary of \$720. He has taught for two years at Collinsville junior high school following his graduation from Southern Illinois University, Carbondale.

The fourth new staff member hired was Miss Betty DeBrow of Venice, a 1968 SIU graduate, who was employed this year by the Venice district as a substitute teacher. She was assigned to teach third grade at Lincoln school at a monthly salary of \$870.

Faculty members whose resignations were accepted, included Mrs. Betty Jo Zyng of Alton, a kindergarten teacher; and Mrs. Elaine Stone, school speech and hearing therapist.

VHS Accredited

Pier reported an 1967-68 accreditation certificate has been received by Venice high school from the North Central Association of Colleges and Secondary Schools.

A letter from Mrs. Evelyn Farmer, a teacher in the San Francisco school district, gave permission to visit the Venice schools while on a sabbatical leave this year to travel in the United States and abroad. She expressed interest in the Venice kindergarten and remedial reading program.

Resolutions were adopted transferring from the working cash fund amounts of \$300 to the Illinois Municipal Retirement fund, \$4500 to bonds and interest fund and \$3000 to the building fund.

Monthly bills approved for payment, included \$14,351, educational fund; \$890, building fund; \$1867, transportation fund, and \$783, IMRF.

40 Quad-Cityans to Get Degrees at SIU-SW Friday

Nearly 600 students will receive degrees in commencement exercises on Southern Illinois University at Carbondale campus Friday night.

Harold Benjamin, noted educator and author of such popular works as "The Saber-Tooth Curriculum," will be the speaker. Benjamin has served as a distinguished visiting professor at SIU in Carbondale. He is now a distinguished service professor at Glassboro, N.J., State College.

The commencement program will begin at 7 p.m. in the University's outdoor amphitheater. In the event of rain, the commencement will take place at 8 p.m. in the Edwardsville high school.

The commencement list includes 467 baccalaureate degrees, 112 master's degrees and 12 associate degrees in business. The Quad-Cities degree candidates are:

Granite City: Dolores F. Amess, Jerrell W. Benson, Mary A. K. Bonilla, Vincent P. Bunyan, Gary D. Craig (masters), James L. Diamond, Maxwell M. Furber (master's), Gary R. Correll, Larry L. Grammer, Fred L. Hiller, Barbara L. Houston, Kathleen E. Jones, Linda Knogl, Constance W. Kraus, Joyce L. Lognoul, Jack L. McCoy, Thomas Mitchell III, Terry S. Papa, Raymond R. Perjak, John H. Preston (master's), R. L. Price, Nancy L. Richert, Helen M. Schmisser, Gilbert J. Singleton, Phillip A. Tempel, Edward D. Tritschub and Anita M. Winters.

Madison: Rosemary Bennett, Thomas R. Billen, Theodore M. Brown, James N. Gregg (masters), Irene Hackett, Lawrence E. Hood, David M. Hyrsky (master's), Philip J. Michale, Bob E. Page and Willie M. Parker.

Venice: Betty J. Debow, Kenneth Langston and Jane Shelton.

House Approves Bi-State Subsidy

Appropriation of \$400,000 as a subsidy for the Bi-State Transit System was approved by the Illinois House at Springfield yesterday by a vote of 93-33.

Eighty-one votes were needed for passage. State Rep. Leland J. Kennedy (D) Alton, chief sponsor of the bill, said the House the money would not be used unless Missouri legislators vote a \$500,000 appropriation for the same purpose.

If the bills are approved in both states, the money would reimburse the transit system for transporting school children at reduced fares. If the funds are not made available, the Transit system has announced it will raise fares and curtail services throughout the system.

The Senate yesterday gave its approval to a state-wide program to permit a \$100 million revenue bond funds from which the state would underwrite the cost of housing and slum clearance for municipalities. The bill creates an Illinois Housing Development Authority and also provides an additional \$5 million "seed money" for architects, engineers and attorneys in getting projects underway in communities that apply. Similar legislation is pending in the House.

Another Open Housing bill making the refusal to sell, rent, race, color or creed, a crime, was passed by the House and sent to the Senate yesterday, by a 94 to 32 vote.

Nine From Area to Get IM Certificates

Eight Granite City men and one from Mitchell will be among a record number of persons to receive two-year certificates in Industrial Management tomorrow when Southern Illinois University-Southwestern campus holds its annual commencement exercises.

Tomorrow's class of 36 will increase to 325 the number of persons who have completed eight courses in the program since it was established in 1958. The curriculum includes such subjects as quality control for foremen, basic metallurgy, industrial engineering for foremen, Illinois labor law, material handling, reading improvement, effective speaking, motion and time study and others.

Those from this area scheduled to receive certificates and the industry from which they attended the course, include:

Calvin W. Black and Charles E. Stanfill, Union Electric; James Dix, Granite City Army Depot; Richard Frizzell, Nooter Corp.; Delton R. Groothuis, Pu-vee; John D. Hand, A. O. Smith Corp.; Dorian R. Wozniak, Gar-gill; and Millard L. Wright, Granite City Steel Co. all of Granite City, and Melvin F. Hartmann, Midwest Dairy Products, Mitchell.

The courses are taught at Granite City, Alton and East St. Louis. The program is under direction of the Technical and Adult Education Division.

Trades Council Seeks Meeting on Contract

The Tri-City Trades and Labor Council decided in meeting last night to seek the aid of Cong. Melvin Price (D), East St. Louis, and State Senator Paul Simon (D), Troy, in arranging negotiation sessions with federal housing authorities to work out a contract for employees of the Madison County Housing Authority.

Edwin F. J. Reiske, president of the council, said employees have pointed Building Service Employees Local 98 and are ready to negotiate a contract. The union, however, has been unable to arrange a meeting with regional officials of the federal housing authority at Chicago.

Telegrams to Price and Simon were sent today, asking their aid in setting up a meeting for the local union.

The Council will meet June 21 at which time nomination of new officers will be made from the floor. The election of officers will be held in the regular meeting July 19.

Paddlers' Board Plans Special Events Program

An extensive summer program of special activities was approved last night by Paddlers' board of directors which met in executive session at the private swim club, 2121 Johnson road.

Events include exclusive use of one of the club's twin Olympic size pools by adults three evenings each week.

Mrs. Mary Jesse, vice-president, reporting for the entertainment committee, said one pool will be reserved for adult members each Monday and Wednesday from 7 to 9 p.m., with a special program exclusively for men to be held each Tuesday evening.

"Housewives' Hour," will be renewed again this season, starting Monday. Daily sessions which include swimming instruction, physical fitness programs and social events will be conducted from noon until 1 p.m. Monday through Friday.

Each Tuesday and Thursday session, also will feature a pot-luck salad luncheon at the pool site.

Other events planned, include "adult party night," June 24; two teenage parties, set for July 21 and Aug. 18; family basket picnic in August; and a Southwestern Illinois Swimming Association all-conference relay meet July 15. Special instruction in junior and senior life-saving will be taught July 19-21.

New stockholders whose memberships were approved were Richard Griffin, Stuart Cowan, Gene H. Sternberg, Robert Huebner, Ernest Patton and Kiril Kirchoff. Only ten memberships remain open in the 28-member club.

Mrs. Mary Earls reported. Directors in charge of entertainment this season are Dr. Alan Kirball, Earl Baueger, Mrs. Jeanne Beatty and Mrs. Jesse.

Gordon Hoener Named To Vice Presidency

Gordon J. Hoener of St. Louis, who is well known here for business association with the Trust & Savings Banks and participation in community projects, has been elected vice-president of sales for the Chapman Associates-St. Louis division of Success Motivation Institute.

Hoener, who is a marketing and management consultant, will direct and coordinate the activities of the firm in this area, with business being conducted from Gordon Hoener Marketing in Clayton.

Five Diabetic Warnings to Children

If a child begins to drink great quantities of liquids but is continuously thirsty; if he eats more food than before, but loses weight steadily; if he begins to wet the bed after having previously stopped doing so; if he suddenly seems less peppy; and if he suffers from severe constipation—take him to the doctor as soon as possible.

These five symptoms present at one time are indication of a possible diabetes. A quick detection in children can be life saving. When treated early, diabetes, a chronic disease, can be controlled.

YOUR DOCTOR CAN PHONE US when you need medicine. Pick up your prescription if shopping nearby. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Friday Begins 3 Days of Racing at TC Speedway

The Tri-City Speedway will see three days of speed events this weekend.

The action will start tomorrow evening when super-modified sprints of the Illinois Stock Car Association take to the half-mile track.

Thirty entries have been received in race headquarters for Friday night's racing event.

Some of the drivers who have inked their entries are last week's winner, Jerry Blunt, Junior Ditzel, Bill Uz, newcomer Tom Corbin of Carrollton, Mo., Loren Salmon and many others.

Saturday night the American Motorcycle Association will take to the quarter-mile track with a full program of bike races.

Forty riders have filed entries for the motorcycle events. Several local riders will be riding with the other hot shoes.

On Sunday evening, top racing drivers of the nation will move in on the half-mile track under the sanction of the United States Auto Club of Indianapolis, Ind.

Sunday's events will have thirty of the nation's top speed stars in action at the local plant.

One of the drivers who finished 18th in the 1967 Indianapolis 500 will be in action Sunday evening.

His name is one that most race fans marvel at—Mel Kenyon of Davenport, Iowa.

Kenyon was the compact sprint

MEL KENYON

car champion for USAC in 1964 and has made a great comeback after a 1965 racing accident. He was second in point standings last year in USAC.

Other top names for Sunday competition include Wib Spalding of Granite City, Bobbie Wente of St. Louis and Mike McGreevy, 1966 USAC midget champion.

Other drivers listed for action Sunday night are: Don Mexcham, Fresno Calif.; Chuck Arnold, Gardena, Calif.; Chuck Branson, Champaign, (son of the late Don Branson), Gary Bettenhausen and Merl Bettenhausen both of Tinley Park, Ill. (both

sons of the late Tony Bettenhausen), Gary Beyers, Logansport, Ind., Less Scott, Livonia, Mich., Tom Selbergh, Ingwood, Calif., Johnny Batts, Indianapolis, Ind., Henry Pens, Joliet, Ill. and Tom Bigelow, Whitehaven, Wis.

Time trials for all three nights of racing start at 7:30 p.m. and races start at 8:30 p.m.

Blitz Wins, Rally Fails In 35 & Over

Scoring blitzes in the first third and fifth innings stopped Jacobsmeyer's to down VFW Post 1300 15-6, Tony & Joe's seven runs in final innings stopped Midtown Pharmacy 14-8, and Local 16's seventh inning rally including a homer by Cotton Singler, was too late as Coachlite won 6-2 in Slowpitch softball.

35 & Over league Monday at Wilson Park.

Jacobsmeyer's 13 runs in three rally innings were scored on successive singles by Lester Thompson, John Harrison, Richard Kreshok, Larry Puett, Al Plaskus, Paul Gabriel and Ollie Jacobsmeyer. Gabriel and Harry Taylor had homers, Jack Graham had a triple and Puett led hitting with four singles.

Frank Orris and Carl Harrison had doubles for VFW.

Tony & Joe's seven final runs were scored on doubles by Milard Johnson, who also tripled, triples by Rufus Ketter and Ron Homeyer and homers by Babe Ameling and Gus Lignoul. Lignoul also had a triple and two singles.

Dick Stanton belted a homer, Walt Wilson, Ross Holbrook, Larry Burns and Horace Calvo had doubles for Midtown Pharmacy.

Sixth inning singles by Nick Bogovich, Norman Martinez and Jerry Jackson, who also had a double, a double by Leo Robinson and a Local 16 error accounted for five of Coachlite's runs. Jerry Young doubled.

Ralph Sackett Honored by Friends Tuesday

Ralph Sackett, former Warrior basketball coach, was honored at a dinner sponsored by friends and fans held at the Granite City Jaycee building on Poplar street Tuesday night.

Fifty attending the event included players on basketball teams he coached, Red Pepper club members and Warrior Booster Club members.

Richard Yates, Granite City high school athletic director, served as master of ceremonies for the dinner, and Richard Harmon, Warrior cross-country and tennis coach, commented on Sackett's coaching prowess while at the high school.

Terry Moore, 1965-67 Warrior basketball co-captain, presented Sackett with a trophy from the past season's team members.

Robertson, president of the 1966-67 Red Pepper Club, also presented Sackett with a paper-mache trophy-sculpture of two hands in the form of a referee's signal for a called technical foul.

Moore presented Coach Sackett with a gift certificate and wished him well in his new duties which begin this fall at Washington University in St. Louis. He will be head basketball coach and teach physical education at the University.

Paul Kacera Drafted By St. Louis Cardinals

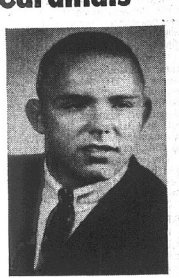

Paul Kacera, son of Mr. and Mrs. Paul Kacera, 3120 Willow avenue, and third baseman who pitched the Granite City Warriors to a regional championship, has been drafted by the St. Louis Cardinal baseball team.

The former Warrior displayed needed agility and playing skill in defense and led the team in hitting this season. He finished with a .364 average which was calculated from 30 or more appearances in the batter's box.

He currently plays on the American Legion Post 113 team and Sacred Heart in the Southwestern Illinois Inter-City league. June 30 is the deadline for ink-ing a contract. "No Cardinal representative has contacted me yet (Wednesday afternoon) so no offer has been discussed," Kacera told the Press-Record.

He added that he definitely was excited over the prospects of playing professional baseball.

Comments overheard about Paul Kacera's baseball performance included his great skill, knowledge of fundamentals and most of all his overwhelming desire to play baseball.

Brazen Burglar Enters Room As Woman Views TV

A brazen burglar entered the bedroom of a home while a couple was in bed, and another thief used a front doorbell as a diversion as he entered the rear of another home last night. A small amount of money was taken in both cases.

Grand and Ave. Harry Heugel, 212 Grand Ave., was in bed, and another thief used a front doorbell as a diversion as he entered the rear of another home last night. A small amount of money was taken in both cases.

At 11:55 p.m. Wednesday that they were in bed and she was watching television when a man entered the home through the rear kitchen door, came into the bedroom and took her brown purse off a dresser and grabbed her husband's trousers from a closet. The husband was asleep. The burglar ran out the rear door, reportedly \$4 from the purse and \$4 from a wallet in Heugel's trousers, and left the items on a porch.

Mrs. Heugel described the man as being about 25 years old, 5 feet, 9 to 10 inches tall. He was wearing khaki trousers, a light shirt. He had a handkerchief over part of his face.

Mrs. and Mr. Edward McLesker, 2322 E. Main St., were in their bedroom when the burglar entered the home through the rear kitchen door, came into the bedroom and took her brown purse off a dresser and grabbed her husband's trousers from a closet. The husband was asleep. The burglar ran out the rear door, reportedly \$4 from the purse and \$4 from a wallet in Heugel's trousers, and left the items on a porch.

Six Hurt in 15 Quad-City Area Traffic Mishaps

Six persons were injured in 15 of 15 traffic accidents occurring in the Quad-City area Monday, according to reports by authorities. One person was injured in each of three separate accidents and three persons were hurt in one accident.

Three persons sustained injuries as a result of a collision at Old Alton and Mayville roads at 9:25 p.m. Tuesday. Involved in the mishap were a 1965 Jesse E. Boyd, 41, 6113 Mayville road, and Henry Young Jr., 16, of 1312 Robin street, Venice.

Boyd, whose head hit the car door was released today from St. Elizabeth Hospital, where he had remained for observation and treatment.

Two passengers in the Young auto requiring emergency treatment were Betty Fields, 24, daughter of Mrs. Patricia Fields, 212 Abbott street, Venice, who complained of pains to her left arm, and Linda Sveia, daughter of John Sveia, 1247 Oriole street, Venice, who had contusions to her right forearm. Both girls were treated and released.

Former Resident to be Graduated Tomorrow

Mrs. Marcella McLesker Dickerson, a daughter of Mr. and Mrs. Edward McLesker, 2322 Edison avenue, will be among the graduates from the University of Illinois Medical Center campus in Chicago tomorrow.

The graduation ceremonies will be held at 10 a.m. June 9 at Medinah Temple in Chicago, according to Dr. Joseph S. Campagna, chancellor of the campus.

Man Exposes Self in GC

A Granite City girl, 20, reported that a man exposed himself to her at 5:30 a.m. today as she was walking from her home to a bus stop in the 2800 block of State street. She said he followed her from her home and was in a white over dark blue 1968 auto. She described him about 25 years old, shaggy and dirty looking.

GC Steel Switch To BOF Furnaces Possible Saturday

A shutdown of Granite City's basic oxygen furnaces is possible today, but company officials said the move will depend on further testing of the new furnaces to day and tomorrow.

Notices to open hearth employees of a Saturday shutdown were reported from some sources as union officials continued negotiations on job reclassification for employees who will be transferred from the open hearth department to the operation of the new BOF units.

Approximately 500 men have been employed in the open hearth department, a spokesman said. Company officials have said layoffs are not expected to exceed 300 as the changeover is made, and that most of these will be absorbed in other departments of the steel plant.

Luncheon and Party Honors Three Retired GC Teachers

Three local teachers who have just retired, Mrs. Amy Prussman from Logan school, Mrs. Edna Lynn, who taught at Niedringhaus, and Miss Mabel Stewart, McKinley school, were special guests Monday at a luncheon and party given at the "Top of 230" restaurant in St. Louis.

A social group was formed several years ago by ten teachers

who have taken turns in entertaining and Monday's hostess was Miss Virginia Segar, who included several additional guests, Mrs. Nellie Nelson of St. Louis, Mrs. Mary Evans, Miss Marguerite Barker and Mrs. Violet Mueller.

"An apple for the teacher" theme was used and apples painted by Miss Barker bore the names of the retiring teachers and appropriate words. The place cards, also made by Miss Barker, were apples, and appropriate poems composed by Miss Kathryn Van Order were read. Mrs. Evans contributed an original song for the three.

Two of the group, Miss Pearl Morgan and Miss Ella Ray Smith, celebrated birthdays and were honored. The retiring teachers were presented with gifts.

RETIREES HONORED at a party given by Miss Virginia Segar this week. Front row, left to right—Miss Ella Ray Smith, and Miss Segar. Second row, Mrs. Amy Prussman, Mrs. Edna Lynn, Miss Pearl Morgan and Miss Mabel Stewart.

Father's day solutions

Are you baffled looking for something unusual for the greatest guy in the world? Give him Nine Flags! It's not just one shaving cologne. It's a whole fragrance lab. Nine different shaving colognes made of essences imported from nine different countries. So he can experiment to find one that fits each particular mood.

When he's as gay as a caballero, he can splash on some Spain. Or if he's coolin' it, a dash of England will do.

And when he's feeling low and needs a special boost, he can mix himself a double. Say, Italy and Spain. Or even a triple—like Italy, Spain and France.

There are a zillion different shaving cologne combinations he can mix with Nine Flags.

How's that for a Father's Day solution?

Available in collections of 1, 2, 3, 4, 6, or 9. From \$5.00-\$15.00.

Valuable Gun

(the informer) would call the Weder family later.

The awaited call didn't come through until about 1 a.m. Tuesday.

Special Illinois Police Agent John Weder, who meanwhile had been working on the case, Special Agent William Pierce and Edmon Weder, brother of Erwin Weder, went to a Madison tavern where they had been directed to wait by the telephone informant.

About 4 a.m., they received a call directing them to the apartment, where Ware was sleeping, and giving them a description of the car Ware was driving, a 1959 white auto on the parking lot bearing 1967 Illinois license plates.

Two Autos Collide

Autos driven by Ruth E. Orr, 2241 Waterman avenue, and John D. Ortolan, 3238 Carlson avenue, collided at Waterman and Franklin avenues at 7:35 a.m. Wednesday.

Officers obtained Ware's car keys, but there was no key to the trunk of the car. The officers gained access to the trunk by removing the back seat and found the guns.

The car was driven to Madison police headquarters by Pierce. The guns were removed by the officers who recorded all serial numbers in the presence of Elton Weder and Don Weder of Highland, son of Erwin Weder, who meanwhile had arrived in Madison.

Luber told the Press-Record that police found on Ware a receipt for the manufacture of nine different keys, although the keys were not located.

The plates on the car were found to have been taken from Eugene Citizens of Trenton. Madison police chief Emmett Pazia said yesterday that the car also was stolen from a Highland resident.

Police said that according to Weder he has an investment of approximately \$400 in the guns, but that as collector's items, they have a much greater value.

Three Cars in Crash

Three autos were damaged and one motorist was arrested as the result of an accident at 5:20 p.m. yesterday at McCambridge avenue and Second street in Madison.

Police said the accident occurred when a car driven north on McCambridge by Michael Brown, 2317 Delmar avenue, and Henry Whitener, 629 Mercedia street, Venice, and one driven south by Henry Patterson, East St. Louis, collided at the intersection. Whitener, 40, was booked for driving without a driver's license.

Class sessions will last until 3:30 p.m., and the school will run for two weeks.

A closing program will be held Friday, June 23, at 7:30 p.m.

Columbian Squires Cake Sale on Sunday

The Columbian Squires will hold a coffee-doughnut cake sale Sunday at St. Elizabeth's Church hall. John Harzai is the chairman.

At its last meeting, a nomination committee was appointed by Chief Squire John Peiper to select candidates for an election of officers next Thursday night. Officers will be elected to full year terms.

About \$110 has been returned as proceeds of a candy sale now in progress. The sale is to continue indefinitely.

Because of a shortage of members, now 17, plans were discussed to hold an initiation in the near future. Any Catholic boy in the Quad-Cities between the ages of 14 and 18 are eligible and may contact Clarence Aramowicz at TR 6-0819.

A father and son retreat to be held at King's House in Belleville was discussed by the council, Jim Reinhardt. The meeting was closed with a prayer by the chief squire.

DeMolays to Initiate Candidates on June 20

The Granite City chapter, Order of DeMolay, will hold an initiatory degree for a class of candidates on June 20, according to plans made at a meeting Tuesday night. It will be named after Anad Shrine Potentate Roy L. Willmug Jr.

The chapter adopted a resolution opposing draft card burners and rioters and resisting invitations to participate in illegal activity, individually or in groups. An official visit was paid by Stan Meister of Alton, state senior counselor. He discussed the awards of "Blue Honor Key," "Representative DeMolay" and "Meritorious Service" which are available, and the state convocation to be held Aug. 25-27 in Rockford. Refreshments were served by the Mothers Club.

Mrs. Store Remains in Critical Condition

Mrs. Emma Store, 65, of 2118 Pontoon road, remains in critical condition today at St. Elizabeth Hospital, where she was admitted three weeks ago after sustaining injuries in a fall.

In ill-health for the past four years, Mrs. Store resides with her son-in-law and daughter, Mr. and Mrs. Marcellus Bradford, at the Pontoon road address.

Panelists Stress Rewarding Work in Field of Journalism

An urgent need of expanded journalism training in this metropolitan area was the principal theme of a five-man panel discussion at the Southern Illinois University-Southwestern campus Monday afternoon.

The panel presentation by representatives of various phases of the communications media was a highlight of an afternoon program to dedicate the new Communications Building at Southwestern campus. The Communications Building will provide facilities for a stepped-up program of instruction in radio, broadcasting and TV production and would provide the facilities for a full-scale department of journalism at Southwestern.

The dedication program opened with a noon luncheon in the University Center at which SIU President Delyte W. Morris spoke. Principal speaker on the Communications Workshop program was John M. Hightower, Associated Press diplomatic reporter at the State Department in Washington, who also participated in an afternoon press conference that followed the panel discussion.

Five panelists taking part in discussion of "The University and the News Media" included Max Roby of the KMOX-TV news department representing the larger metropolitan dailies; Carl Baldwin, veteran reporter, assistant city editor and head of the In-Service training department of the St. Louis Post-Dispatch, representing the smaller and medium-size dailies; A. J. Mueller Jr. of the Granite City Press-Record, representing the weekly and semi-weekly field; and Robert Hillard of Fleishman-Hillard, Inc., representing public relations field. All of the panelists struck a note of growing need of competent journalists in the communications media, particularly in this area which has no full-fledged department of journalism nearer than 100 miles, which is on the Carbondale campus of SIU. The Southwestern campus at Edwardsville thus far has offered only a few courses in journalism and this summer is offering no courses.

Administration officials at Southwestern campus said, however, that efforts are being made to secure a full-time professor of journalism which would lead to initiation of a journalism department in the near future.

40 Years a Reporter
Baldwin, first speaker on the panel discussion, referred to his 40 years as a newspaperman as

PROF. H. R. LONG of the department of Journalism at the Carbondale campus of Southern Illinois (left), introduces a speaker at a panel discussion at the Southwestern SIU Communications Building. Max Roby of KMOX-TV, center and Carl Baldwin, veteran reporter and assistant city editor of the St. Louis Post-Dispatch await their turn to speak.

LISTENING TO DISCUSSION by other panelists at an SIU-SW Communications Workshop Monday afternoon in dedication of The Southwestern campus' new Communications Building are, left to right—Robert Hillard, senior partner of Fleishman-Hillard, Inc., public relations firm; A. J. Mueller Jr., general manager of the Granite City Press-Record, and Steve Cousley of the Alton Evening Telegraph.

an experience that has brought him rewards other than the salary involved, although he pointed out that wage attractions in the journalistic field are much better today than they were when he took his first job. At that time, he related, top reporters were earning about \$35 per week.

He told of stories he covered in East St. Louis as a reporter for the Post-Dispatch and the element of satisfaction experienced from the "idealistic urge" which most good reporters have.

"Newspapers," Baldwin said, "are competing for good journalists and journalism graduates and as a result salaries have been stepped up until today starting salaries can range from \$140 to \$160 a week and our scale today provides a minimum of \$207 a week for reporters with five years seniority."

Need Sincere Feeling

Roby maintained that students who have the desire to become associated with the news media should have a sincere feeling for the work.

"If I am supposed to sit here and try to sell you on the idea of becoming journalists, forget it!" Roby said.

Roby said it is his belief that the true journalist there is more than just education. "There is something in them that impels them along the way," he said.

He explained the different requirements in television and radio writing, compared to newspaper, magazine and other types of reporting, due to the requirement for brevity. "The time is limited in which you can tell a story and we often have to tell in two minutes, or even less, the principal parts of a story that a newspaper may take a column to report," he asserted.

Cousley, himself a graduate of the SIU journalism course at Carbondale headed by Dr. H. R. Long, who served as moderator of the panel discussion, said that "the newspaper business is booming, especially in the small and medium dailies class."

Newspapers Remain Steady
This is true to the point that

the number of newspapers in the country has remained fairly steady for the past 20 years, with much of the spirit of growth similar to that experienced by the paper for which he works, Cousley said.

Of the total number of dailies, he related, about 25% are in the 25,000 to 50,000 circulation class. He said statistical projections show that 50,000 trained journalists will be needed by 1975, yet there were only 4000 graduates in 1966.

"With the dedication of the new Communications Building here at SIU, there is a ray of hope for a department of journalism and more graduates in the future," he added.

Draws Reporter Parallel

Hillard drew a parallel between the news reporter and the public relations representative whom, he said, must have the same qualifications as a news reporter.

"The public relations man is a matter of getting along with people. Actually, 90% of a public relation man's job is good performance in the reporting field and the other 10% is getting his ideas across to others."

"We try to get all the good reporters we can find... we need them."

Mueller emphasized the advantages offered by the smaller newspaper field in newspaper work with down-to-earth local connections.

"The 'explosion into suburbia' in so many areas of the country provides an area of full coverage not available from the metropolitan newspapers which, only recently, began to enter the suburban areas with the kind of coverage already provided by the smaller newspaper."

Quelites Editors
To support his contention that

the small newspaper field also offers ample job opportunities and a sufficient livelihood to the journalist, Mueller said he telephoned the editors of smaller newspapers in four separate sections of the country.

"I learned that the going salary scale ranges from around \$85 a week at Tombstone, Ariz., which has a circulation of around 2500, to \$125 or \$130 a week in larger weekly newspapers for beginners, and top salaries ranging from \$150 to \$170 or \$180 with the same fringe benefits offered in the larger cities."

Need Broader Background
Mueller advocated a more broadened educational background for students who have the desire to enter the communications field, particularly in the field of news work which more and more calls for a more general knowledge about most subjects.

"I don't believe you can just take journalism courses and come out a full-fledged journalist," Mueller said. "Life is pretty much a do-it-yourself proposition in journalism and there are many subjects that are vitally important."

And for those who do complete their education with the intention of going into journalism, there is no better training ground, he said, than "at least a year or two coming up through the smaller news-paper."

President Morris declared during his luncheon address that communications covers a wide variety of conveyance of meaning, even by a shrug of the shoulders or a lifting of an eyebrow.

He referred to projected development of radio broadcasting and TV production planned within the new Communications Building in the near future and said the time is fast approaching when closed-circuit TV within the university will make it possible to copy by TV projection from one part of the campus to another any printed matter, charts, pictures or other matter needed by a student or faculty member.

Means Many Things
Communications, he said, means many things; to the journalist it is newspapers; to the librarian it is books; to the instructor it may be visual projection.

He related the historical development of communications, the development of printing, the telegraph, the telephone and radio and television, all of which, he said, are compressions in time for conveying communications.

In two or three years, Dr. Morris said, the university hopes to have color, closed-circuit television for "full coverage of our top professors."

The idea of expanding telecommunications eventually will join universities all over the state for wide transmission of educational presentations or projection of needed records, charts or reference pages.

A banquet in the University Center at 8:30 p.m. followed by Hightower's address climaxed the dedication program.

Three Fined \$50, Costs
Three persons were fined \$50 plus \$5 costs each Monday in magistrate's court on charges of illegal transportation of liquor filed in May. They are Gary L. Greenman, 2307 August street, also fined \$15 plus \$5 costs for driving on the wrong side of the road, David E. McBride, 4118 South drive; and Jack Lindley, Rural Route One.

"ACE SETS THE PACE" — QUALITY AT LOWER PRICES

Support Rate for 1967 Wheat Crop Announced

The county price support rate for 1967 crop wheat has been set at \$1.34, it was announced this week by Walter F. Bartelmeier, chairman, Agricultural Stabilization and Conservation County committee.

"This county rate reflects the national average farm loan rate of \$1.25 per bushel, same as for the 1966 crop," Bartelmeier said, "but it also reflects the price relationship and support rate for the terminal market area serving this county."

The chairman explained that in general loan rates in counties tributary to the terminals will reflect any terminal rate changes. Terminal rates announced by USDA May 26 range from \$1.43 to \$1.68 per bushel.

Several changes in the price relationships among terminals are being made from the 1966 crop rates. These changes reflect cash market price relationships and are based on a study made of cash market terminal prices. The changes are supported by county price data which reflected the differences found in the terminal market price study.

Hudson's Buys Jewelry Store in Edwardsville

Hudson's Jewelry Stores have purchased the Brooks Jewelry store at 213 North Main street, Edwardsville, it was announced today.

It will be the third store being operated by the firm, which started in business in 1944 at 18th and State streets. It opened its store in the Bellemore Village shopping center in 1963.

Leo Jackson, formerly assistant manager of the Bellemore store, has been named manager of the Edwardsville store which is comparable in size to the downtown store here.

Plans are being made to increase the inventory at the Edwardsville store which will feature the same lines and styles as in the Granite City stores. The firm is operated by Roy, James and Virgil Hudson of Granite City.

William B. Murphy, 65, Dies; 40-Year Resident

William Byrd Murphy, 65, of 1310 Kirkpatrick Homes, succumbed to a cardiac ailment at 9:30 a.m. Tuesday at Christian Welfare Hospital, East St. Louis. He had been ill two years and a hospital patient two weeks.

Mr. Murphy had lived in the Granite City area for 40 years. Born at East Prairie, Mo., he was employed as a porter in the warehouse bakery department of Tri-City Grocery Co.

Surviving are his wife, Edna, one son, William H. Murphy of Granite City; one daughter, Mrs. Robert (Mary) Millin of East St. Louis; two sisters, Mrs. Jessie Evans and Mrs. Gertrude Johnson, both of East St. Louis, and 13 grandchildren.

Funeral services were held today. Arrangements are given in today's obituary column.

Mrs. Georgia Dale, 81, Dies on Visit Here

Mrs. Georgia Mae Dale, 81, of Jarratt, Va., who had become ill last week with a cardiac ailment while visiting a son here, died at 10:15 a.m. Tuesday at St. Elizabeth Hospital where she had been admitted one week earlier.

When stricken, Mrs. Dale had been the house guest of her son and daughter-in-law, Mr. and Mrs. Alan Dale, 2647 Ferguson road, for ten days. She was a native of Iowa. Her husband, John, died in 1965.

Mrs. Dale also is survived by another son, Philip H. Dale of Jarratt, Va.; and eight grandchildren.

Funeral arrangements are given in today's obituary column.

Book Driver after Crash

A car driven by Willie F. Powers, 1111 Calhoun street, Madison, was damaged at 4:40 p.m. Tuesday, in a collision at Fourth street and Madison avenue with a car driven by Stephen R. Howell, 200 Hill street, Eagle Park Acres. Howell's car was undamaged. Police said Howell was making a U-turn on Madison avenue. He was charged with making an improper turn.

Receives Appointment

Newton Tapp, a son of Mr. and Mrs. Edwin Tapp sr., 3147 Rodgers avenue, and a recent graduate of Granite City high school, has been appointed as an engineering technician trainee by the Department of Public Works and Buildings for the state.

Two Traffic Charges

Virgil R. Ross, Cahokia, and David L. Underwood, Belleville, were charged with improper lane usage at Edwardsville road and the railroad tracks at 7:30 a.m. Wednesday.

In Memoriam 93

In loving memory of ARCHIE MULHOLLAND, June 8, 1908: Sadly missed by—WIFE AND DAUGHTERS 33-8

In loving memory of our dear beloved mother, THERESA TOPAL who departed this life three years ago June 10, 1964: It's been so long, We've been so blue, For life is so lonesome, Mom, without you, It seems so wrong, You were taken away, For we all need you, "mother" More every day, We loved you so much, You always showed us the way, To meet all our troubles, To face each new day, Now you are gone, Our life isn't the same, Some day we'll meet you, In heaven again.

Sadly missed by—FAMILY 33-8

Nameoki Provides \$1100 to Revise Twp. Sewer Plan

The Nameoki town board Tuesday night approved a resolution setting up a fund of \$1100 to provide revision of detailed plans and specifications for construction of a township sewage system.

The action was taken at the request of the special Sewer Research committee appointed nearly a year ago by the town board to investigate plans of financing and building a sewer system. Detailed plans for such a program were drawn by engineers two years ago, but proposed bond financing for the construction work was defeated by referendum.

The committee announced recently that it had met with an engineer who advised the updating of the old sewer plans before seeking federal grants, since detailed plans are required by all government agencies in considering grant requests.

Michael Ropac, a member of the special committee, told the board the engineers said the revision work would cost about \$1100, and that the fee would include all of the engineers in negotiating federal allotments. The proposed sewer system would cost approximately \$2 million.

Nick Vassileff informed the town board during its regular meeting that his office has prepared a suit against the city of Collinsville for funds spent by the Nameoki township highway department in repaving a State Park place street that had been excavated for repairs to water mains by the Collinsville city water department.

Charles Hanks, township highway commissioner, said the suit will be filed unless Collinsville reimburses the highway department in the amount of \$1463 by Friday.

Repaired Four Blocks

Hanks said the township department used town equipment and operators to repair the street which was not backfilled properly. The work involved repair of more than four blocks on West Point and Fairway streets in State Park Place.

The board also discussed plans for a clean-up program in which township trucks will be used to haul away trash and debris from Nameoki residences at the request of the occupants. The action followed complaints that trash, debris and unused equipment litter some yards.

Harry Briggs, township supervisor, pointed out the town board passed a "nuisance" ordinance about a year ago and enforcement of the ordinance will be planned if violators do not respond to the clean-up program.

Council Criticizes Action by State's Clean Air Board

The city's bill last Monday included an expense allowance for an Air Pollution Board member to attend a conference that brought out criticism of the state clean air board by Alderman Whitmer.

Whitmer said the local board has endeavored to get business and industry to agree to their intentions to undertake clean air programs, and that now the state clean air board seems to have moved in.

"It looks like they're trying to come in the back door after telling us they would let the city handle its own problems," the alderman said after noting a recent meeting of local industrial representatives with state Air Control Board officials.

The council approved Whitmer's suggestion for a letter to be written to the state board to determine how it wants the situation handled. The letter will be used to budget money for operation of a clean air board if the state is going to come in and take over the program.

The council also approved an allowance of \$250 from Theodore Macios, commissioner, to attend a national air pollution meeting in Cleveland June 11-16.

Debate by the council but approved was an expense of \$300 for printing 12,000 letterheads and 12,000 envelopes for Saturday's sewer bond issue. The mayor said he felt the city was entitled to advise citizens of the importance of the bond issue.

An objection was raised by Alderman Parmley on the expenditure.

Later in the meeting, Parmley and Fry, both of the Sixth Ward, voiced objections to the sewer bond issue, stating it was unlikely for subsequent bond issues to be approved by local residents to carry out the overall \$14,000,000 program.

Kerner Signs Repeal Of Korean Veterans Act

The repeal of the Korean Veterans' Compensation Act has been signed by Gov. Kerner, according to an announcement made by Edward B. Akin, administrator of the Illinois Veterans' Commission.

House Bill 117 states that "Any claim for Compensation under the Korean Veterans' Compensation Act for which application was filed before July 1, 1965 but which has not been paid before July 1, 1967 shall lapse."

Akin further stated that many claims are pending for additional evidence and these veterans or servicemen have failed to submit the requested information to the Illinois Veterans' Commission.

For further information, veterans may contact Joseph D. Wetton, Service Officers of the Illinois Veterans' Commission at 1001 N. Dearborn St., Chicago 10, Ill. The office is open Monday through Friday from 8:30 a.m. to 4:30 p.m.

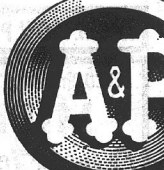

158 Drivers Nabbed In City Sticker Net

Granite City police arrested 158 drivers Monday and Tuesday for failing to display city license stickers on their autos in a crackdown.

Of the total, 145 arrests were made Monday and led to a land-clearing business for City Clerk Homer "Cal" Pendleton as three lines were queued up from his office into the street.

His office issued 225 licenses so far this week, following a rush of about 1300 persons last Friday before the crackdown began.

Total sales as of this morning were 12,578. Last year about 13,800 city stickers were issued.

Great Reason to Shop at Kroger

"There are so many well-known brands to choose from at Top Value redemption centers. I like all of the merchandise they have. And I like the fact that Kroger gives Top Value Stamps. I go in to Kroger every day - the people who work there are so friendly. And those new Lightning Low Prices are a real great reason to shop Kroger. So my family is sold on Kroger, and sold on the Top Value Stamps we get there!"

Gateway Arch System

OK's by Park Service
The passenger transportation system in the Gateway Arch has been accepted by the National Park Service as of Monday, the Bi-State Development Agency has been informed.

However, Bi-State has hired the consulting engineering firm of Sverdrup & Parcel and Associates to make inspections to verify that the system is reliable and safe. The work is to be done along with training of personnel so that opening of the system will not be further delayed. No starting date has been announced.

MORE ABOUT GC to Pressure

Moerlein commented the water company has made ridiculous offers to the city and that he has data on charges a city could levy against a utility for use of city streets.

Other aldermen suggested the city could demand better repairs to streets excavated by the water company. A study of water pressures and services in North Granite also are to be studied.

Fire Hose Lost

Approved by the council was a bid call for new fire hose, an annual purchase, and for replacement of 400 feet lost at the Lincoln Place fire.

Council authorization was given for letters to be written to firemen and others who aided in fighting the blaze, including the Army Depot, which was described as being most willing and helpful. A letter in a Rutledge asked that special identification cards be issued to men on fire brigades at industrial plants. He said those of American Steel were not permitted past the police barricades during the blaze.

Alderman Robertson called for a detailed map of the water company's proposed site for its water tank near Tri-Mor Bowl, pointing out it might take property needed for the proposed north-south street along the railroad tracks.

Mayor Partney noted the tank might boost water pressure for the city, especially the Nameoki area, but other aldermen said it apparently is needed to boost pressure for outlying water districts.

Permission was given for two members of the Board of Fire and Police Commissioners to attend a regional meeting in Mobile June 16-17.

With Variety of Items

In miscellaneous business, the council:

Adopted an ordinance for a no-parking zone on the west side of State street for a distance of 100 feet north of 24th street.

Refused permission for the state highway department to use the city dump for debris gathered along the highways.

Authorized bids to be sought for equipment for the sewage treatment plant, with the mayor breaking an 8-0 vote in a dispute over the need for a calculator instead of a slide rule to figure percentage of flows. Needed are the calculator, a typewriter and a vehicle with a grass cutter and snow plow.

Approved expenditure of \$840 for stainless steel shafts for two pumps at the treatment plant.

New Insect Fogger
Accepted a bid of \$1300 for a new insect spray fogger from Moore Research Co., St. Louis, with delivery in a few days.

Agreed to budget for weed cutting equipment to be operated by the city.

Amended the city's plumbing and electrical codes to designate the city council as the board of appeals on decisions by the inspectors and reducing the amount of fines to \$10 to \$500 to conform with state limitations.

Adopted a resolution condemning a four-family frame flat at 2116-18 Benton street unless hazardous conditions are corrected immediately.

Authorized a call for bids to sub-condition a police canine patrol station wagon.

Accepted a bid of \$299.95 from State Radio & TV Co. for a 22,000 BTU air-conditioner for the comptroller's new office. Other bids were \$318 by Tri-City Radio for a 24,000 BTU unit and \$339 by Supreme Radio Co. for a 23,000 BTU unit. Specifications were for a 21-24,000 BTU unit.

Accepted a bid of \$716 from R. Dron Electrical Co. to install lights in the comptroller's new office. The only other bid was \$1278 by ABC Service.

Testing Street Lights

Heard a report by Alderman Baasrich that Illinois Power Co. has installed four 55,000 lumen lights in the downtown district to show the contrast with the present 30,000 lumen fixtures. The lights are in the middle of the 1900 block of Edison ave-

nue and on 18th street between Delmar and Edison avenues.

Turned down a request for right turns by autos on red traffic lights (after steps) at 20th, 23rd, 27th streets and the Johnson-Nameoki-Fehling road intersection, and agreed, subject to state approval, for left turn lanes to be painted at the Nameoki-Johnson-Fehling road intersection.

Approved the hiring of Bobby Ming, 3029 Ramona drive, as a street worker on the recommendation of Street Supv. Warfield. Ming is to fill a vacancy created by the death of Edward Weisenberger.

Gave approval for a cerebral palsy house-to-house fund drive June 23-25.

Service Award Banquet for 600 General Steel Employees

W. Ashley Gray Jr., president of General Steel Industries, Inc., reviewed the progress of the company and described the corporation's multiple divisions, acquired in its continuing diversification program, when he addressed more than 600 GSI long-service employees and their special guests Monday evening.

The annual awards banquet held in the Khorsasan Room of the Chase-Park Plaza Hotel, St. Louis, afforded recognition to 256 General Steel employees who have been with the firm 25, 30 and 35 years.

Among those honored were men and women from the General Offices and Castings Division here and employees of the company's St. Louis Car and Lull-Saylor Wire Cloth Division in St. Louis.

Illinois Adds Acreage To 'Tree Farm' System

Illinois has just added 312 more acres to the American Tree Farm System of sound forest management, bringing the state's total to 29,622 acres.

The Illinois Tree Farm committee, in session at Niotra, approved four new Tree Farms, making a total of 312 private woodland owners of the state now affiliated with the program. Tree Farm committee findings are based on actual inspections by technical foresters.

Land acquisition by a local government removed a 110-acre Tree Farm from the active rolls, making the value of growing trees for commercial purposes. These sponsored by the Illinois Forest Industries Committee, an organization of wood-using industries which depend upon outside sources for their raw materials.

Venice-Madison 'Head Start' Begins June 19

Arrangements for conducting the Madison-Venice phase of "Project Head Start"—a program of pre-school training for disadvantaged children—were completed this week with plans to conduct at least ten classes in three locations.

The pre-kindergarten preparation program, funded under a \$125,000 federal grant by Madison county schools, will be open to children who meet the Office of Economic Opportunity standards and who will be eligible to begin kindergarten this fall.

Robert M. Vickers, assistant superintendent of Venice schools who will direct Project Head Start in Madison and Venice, said today that classes will start Monday, June 19, at Venice grade school, Blair and Harris schools. The latter two are in the Madison school district.

Registration prior to the program starting will not be held this year, Vickers said, adding that some youngsters were enrolled by parents before the regular school year terminated.

He pointed out that parents of children who are not yet registered must accompany the child to Head Start classes on the first day. Birth certificates also must be produced by youngsters who

register June 19, the project director said.

Vickers announced that arrangements have been made to provide bus transportation for pupils living in unincorporated areas, with daily pickups starting at 8:15 a.m. Precise bus schedules will be determined when the number of participating children and their area of residence is evaluated, he said.

Sessions will be held through

Aug. 4, the school official announced. Three classes will be conducted at Venice grade school; six classes at Blair school; and one or two classes at Harris school. Under the 24 and July 1, he added.

Volunteers of all age levels are being sought to aid in the Head Start program, the director said. Persons wishing to contribute time to the project have been asked to contact Vickers at Venice school.

University-Southwestern campus. In addition to next week's training program, teaching personnel also will be required to attend special instruction sessions June 24 and July 1, he added.

Volunteers of all age levels are being sought to aid in the Head Start program, the director said. Persons wishing to contribute time to the project have been asked to contact Vickers at Venice school.

Man Leaves Auto, Struck in Jaw

Carl Hozian, 2905 Kirkpatrick homes, reported at 6:45 p.m. Monday that as he was getting out of his auto, he was accosted by three young men who pulled alongside of him.

He was asked if he had any money, he replied that he did not, and one of them struck him in the jaw. He said the three youths who were in a 1948 to 1950 white over red auto were drunk.

Summer Street Maintenance In GC to Cost \$37,984

Bids totaling \$37,984 for Granite City's annual summer street maintenance program for arterials and streets were approved Monday night by the city council.

While complaints were made that the county was getting road oil at a cheaper price than the lone bid of 15 cents a gallon by Midwest Blacktop Roads, Inc., East St. Louis, Street Supt. Warfield pointed out the 15-cent price included application. "We don't have the equipment to do the job," he added.

Mayor Partney was among the complainants, but he noted the price was two cents a gallon lower than last year. Alderman Bartoski suggested the city place its bid advertisement in area-wide newspapers next year in an attempt to get more than one bid.

Only One Bid
Midwest Blacktop Roads, Inc., was the only bidder for the 8,700 gallons of road oil to be applied

at a cost of \$1285, and also for application of 68,450 gallons of liquid asphalt at 17 cents a gallon for a total cost of \$71,631 and for two other types of liquid asphalt—5500 gallons at 17 cents a gallon, \$935; and 875 gallons for storage at 16½ cents a gallon, \$144.

Midwest also was the only bidder for the seal-coat aggregate, with 3405 tons to be applied at a cost of \$5.20 a ton, or total cost of \$17,706.

Crushed stone is to be bought at the Columbia Quarry at a cost of \$1.75 a ton. The city is to buy 350 tons at a total cost of \$612.50. The quarry was the only bidder.

Bituminous patching material is to be purchased from Midland Asphalt Co., East St. Louis, with 600 tons to cost \$5100; and asphalt crack filler is to be delivered to the city by Witco Chemical Co. with 12 tons to cost \$552. The purchases are to be made with motor fuel tax funds.

Four Apartment Houses to Go Up In Nameoki Twp.

A permit for four brick apartment buildings to house four families each in Nameoki township was issued to the James Green Construction Co. at a total cost of \$140,000.

It topped new construction activity in Nameoki and Chouteau townships during May when 23 permits listed values of \$408,000. Twelve were for one-family homes.

Issued permits for houses in Nameoki township were Robert J. DeLoach, 101 Hare street, a brick in Eagle Park Acres, \$18,000; Leo J. Fortak Jr., 2941 Morrison road, a brick in Maryville Heights, \$18,000; H. W. R. Development Co., three brick in Dream Villa No. 5, \$25,000; and Phillip Ross, a brick and frame dwelling in Dream Villa No. 3, \$18,000.

Lake Investment Co., a redwood house in Parkway Estates second addition, \$18,000; Mathews & Steele Inc., two brick houses in Arlington Heights, \$25,000; Henry Kohn, a brick house in Dream Villa No. 5, \$25,000; and Phillip Ross, a brick and frame dwelling in Dream Villa No. 3, \$18,000.

Permits for other purposes in Nameoki township were issued to Densen L. Hinkle, a mobile home, \$6000; Norman Jones, 4006 Central lane, a three-room and bath addition, \$3000; Frank Morris, a garage in Long Lake Shores Acres subdivision, \$1000; and Alice Nolin, a mobile home in Cloverleaf, \$2000.

Lake Investment Co. obtained permits for two vinyl siding houses in Molen Acres Chouteau township, at \$12,500 each. Permits for other purposes in Chouteau township were issued to Dale Dubrow, 531 Old Alton road, a two-car garage, \$1200; Henry Hawkins, Roxana Terrace, remodel inside due to fire damage, \$6500; Irene V. Livers, 5121 Old Alton road, a garage, \$1000; George H. Schardan, 433 Carl street, a garage, \$800; and Elvin B. Simpson, brick home in the Wood Mere subdivision, \$18,000. Richard E. Harris, South Roseana, obtained a permit to move a house.

Summer Adult Program At 'Y' Now Under Way

Summer adult physical education classes are under way at the YMCA.

Included are swimming, basketball, body building and weight lifting, men's health club, volleyball, fitness classes and a slim-gym club.

Annual summer or daily memberships are available for men and women. Summer rates for young men and women from 18 to 23 are \$15, 23 and up, \$18, and men's health club ages 21 and up, \$25.

Battery Charge Filed

GC DeMolays Attend Jurisdictional Meet

Members of the Granite City chapter, Order of DeMolay, attended a jurisdictional meeting of the Southern Illinois DeMolay Association Saturday and Sunday at the Southern Illinois University Little Grass Lake recreation area. The E. J. Carmen DeMolay chapter of Carbondale was host.

Local delegates, led by Terry Waffler, master councilor, included Steve Ebrecht, Charles Hileman, James Naeve, Tim Noud, Dwayne Pritchett, Fred Sansoucie, John Tucker and Billy Watson. They were accompanied by Ted Bourbon, Gerald Lux and advisors Charles Meyer and Gilbert Watson.

Plans were made for a golf tournament on June 17 at the Jackson County Country club, Carbondale, and for the state convocation Aug. 25, 26 and 27 at Rockford.

Steven McLamar of Roodhouse, jurisdictional master councilor, reported on an international supreme council meeting held in Dallas, Tex., in April. At that meeting William Ebrecht, Roger Mathews and Reggie Teague of the Granite City chapter were elected to receive the DeMolay Chevrolet degree.

KATHY HILL

Kathy Hill Selected Xavier Valedictorian

Kathy Hill, daughter of Mr. and Mrs. Marvin J. Hill, 3344 Maryville road, was graduated as the valedictorian of her class at Xavier high school for girls, St. Louis, during exercises Sunday.

She received a scholarship to St. Mary's University, South Bend, Ind., where she was admitted with honors. She was one of the top 10 freshman applicants and will be honored at a special assembly in the fall. She plans to major in English.

At Xavier she was a member of the honors program sponsored by St. Louis University and earned 18 hours of college credit in English and French.

She was a national merit finalist, a winner of the National Council of Teachers of English achievement award, president of the National Honor Society, a member of the Student Council, an officer of the senior class and one of four editors of College, the school literary magazine.

Head Start Teachers To Convene at SIU

For the third year, teachers and directors of "Project Head Start" will convene at Southern Illinois University, Carbondale for an orientation training program June 12-16.

About 160 trainees, mostly from the southern third of the state, are expected to enroll, according to Michael Zunic, coordinator-director of the training program, sponsored by the Office of Economic Opportunity.

Southern Illinois University's Southwestern and Carbondale campus libraries are the ninth fastest growing in the U. S. and will total 1 million volumes this year.

Jr. Achievers to Attend Conference in St. Louis

Youths at the Granite City Junior Achievement center have elected officers and delegates to the MIVAC conference to be held June 18, 19 and 20 at Mail Tail in St. Louis.

Elected as chairman were Wesley Loper for the boys and Mickey Eck for the girls. Gai Granite City center by bus at Loper was named president of noon June 18. Eugene Rakowski, the delegation, Brad Pulaski, center manager, and his wife will vice-president; Pat Wood, treasurer; and Denise Madrid, secretary.

Other delegates are Theresa Eckert, Connie Rotter, Janet Bono, Beth Eck, Micky Eck, Sandy Derner, Debbie Bode, Terry Leutenegger, Mark St. Ivany, Melanie Wolf, Diane Vard, Delilah Dorste, Larry Judd, Dorthea Pascoe and Valerie Slady.

Three GC Students Designated U. of I. James Scholars

Three Granite City high school graduates are among 270 who have been appointed members of the Edmund J. James honors program for superior undergraduate students at the University of Illinois.

They are Kathleen Sue Aubrey, 2108 Garfield avenue; Ralph Ervin Gauen, 3129 Jill avenue; and Mary Lynne Jesse, 3281 Carlson avenue.

Designation as a James Scholar is the highest academic honor that can be conferred on a freshman entering Illinois. Students may leave the program when they wish or they may be dropped for failing to maintain a four-point B average in all academic study.

They are given an opportunity to work harder and learn more by enrolling in special courses and sections designed to let them use their full academic capabilities.

They are permitted to make special adjustments in their program to fit their exceptional abilities, have special honors advisers and use special study rooms in the James center.

Three Receive Advanced Degrees at Washington

Three area residents received advanced degrees at the 1968 commencement of Washington University Sunday. The degrees were conferred by Thomas E. Elliot, university chancellor.

They are Joe Allan Provines, 1603 Kirkpatrick Homes, doctor of dental surgery; George L. Falchett, 1202 Grand avenue, Madison, master of science; and Esther Pitts Vastleff, 2818 State street, master of arts in education.

The scouts are, left to right, first row—John Gilmore, Carl Dumas, William Pfeiffer and Craig Brown; second row, Don Cardwell, Edward Brown and Edward Rivers. In the presentation ceremonies are, left to right, Raymond Green of Madison, illustrious potentate; Walter Davis, scout committeeman and recent winner of the Silver Beaver award; and J. Warren Stewart, A.A. Himes promotional director.

Youth Activities at 'Y' Set for Summer

A summer schedule of youth activities at the YMCA has been announced. Swimming instruction for boys and girls is being conducted for various age and ability groups. Recreation swims are available to boys and girls from six to 14 years old, for high school boys and girls and for members of the family.

A high school boys basketball program is being conducted in the gym. Judo and wrestling classes are being planned.

Summer trips include one to Grant's farm on June 21 and on the steamer Admiral June 28. Movies are being held at 10 a.m. and 2 p.m. Tuesdays. A small fee is charged.

Full activity memberships are \$11 for boys and girls in grades one to eight and \$13 for grades nine to 12. Summer memberships for boys and girls of six to 13 years old are \$7.

Agriculture Units To Trap Beetles

The Quad-City area will be included in a search for Japanese beetles by the U.S. and Illinois Departments of Agriculture. Robert Schneider, director of the Illinois agricultural department, said Tuesday about 1500 cans containing a perfumed bait that attracts the beetles will be placed in the yards of residents throughout an area in Madison and St. Clair counties. The survey will continue until mid-August.

Cooperation of residents will be asked, Schneider said, although the department has the legal right to install the cans where it desires.

Both departments have trapped extensively in the area since the mid-1890s with indications of serious infestation in recent years. The beetle eats the silks and blossoms of corn, soybeans, ornamental plants, fruit trees and berries.

IPC, Other Utilities Establish New Office

Illinois Power Co. today announced it has joined in the establishment of an office in Chicago with nine other Midwest utilities to consolidate regional operations in connection with the Mid-America Interpol Network.

Creation of the office is designed to assure power system reliability in Illinois, Wisconsin, Michigan, Missouri and Iowa, or supply conditions.

Each company is responsible for control and operation of its own generation and transmission system. The coordination center assists in maintaining regional system security through exchange of information on operating conditions throughout the region served by the companies. Critical generator and line outages and the exchange of generation power flow programs will be used to analyze regional power supply conditions.

Tri-City Shriners to Sponsor Circus Outing

The Tri-City Shriner's club will sponsor 40 youths from Kirkpatrick Homes on an outing Saturday to the Shriner's Circus to be held June 10-12 at Belleville, according to Wallace Holton, Shrine project chairman.

The Salvation Army will provide a bus and driver to transport the youths and chaperones from the Coordinated Youth Services and Neighborhood Youth Corps to the circus site. In addition to free passes, the youth will be given spending money for use during the afternoon. Louis Marlette, president of the Tri-City Shrine club, will accompany the group.

The bus will leave Kirkpatrick Homes recreation hall at 12:30 p.m.

Washington 'Y' Camp Available to Visitors

BLUE GRASS ROUNDERS—part of the Midwestern Jamboree troupe which will present a three hour, country-western show Saturday, June 17, at the Granite City Jaycees' annual Homecoming celebration. The four-day event will feature daily entertainment, carnival rides, games and booths sponsored by local service groups.

Jaycees Annual Homecoming Set for 4 Days—June 15-18

Bigger and better entertainment extending over a four-day period, instead of the usual three days, is planned this year by the Granite City Jaycees who will sponsor their sixth annual "Homecoming" celebration next Thursday through Sunday, June 15-18, it was announced today by Michael Day, Jaycee general chairman.

Location for this year's homecoming festivities will be the rear parking lot at Nameoki Village shopping center, Day said. He pointed out that the entire area of the site is blacktopped, eliminating possible muddy conditions underfoot should inclement weather occur during the four-day event.

Jaycee festivities will begin earlier the same week with a grand parade through the community to spotlight the homecoming, starting at 6 p.m. Tuesday. Participants will include nine Miss Granite City contestants who will compete the following evening in the annual beauty-talent pageant.

Also sponsored by the local Jaycee organization, the Miss Granite City Pageant will take place at 8 p.m. next Wednesday, in the auditorium of Granite City high school. Tickets for the event still are available from Jaycee members.

Candidates for the 1967 Miss Granite City title, are Miss Lynn Cunningham, 18,

daughter of Mr. and Mrs. Fred Cunningham, 13 Frontenac lane; Miss Kay Hayes, 18, daughter of Mrs. Dorothy Hayes, 2819 Marshall avenue; Miss Gerry Thomas, 18, daughter of Mr. and Mrs. David E. Thomas, 28 Maurean court; Miss Cynthia Settlemyer, 18, daughter of Mr. and Mrs. Edward Settlemyer, 2032 Dale avenue; Miss Linda Marie Sabo, 18, daughter of Mr. and Mrs. Theodore Sabo, 2654 Adams street; Miss Debbie Ingram, 18, daughter of Mr. and Mrs. Leonard Ingram, 4208 Nameoki road; Miss Connie McGovern, 18, daughter of Mr. and Mrs. Philip McGovern; Miss Margie Ollar, 18, daughter of Mr. and Mrs. James Ollar, 940 Niedringhaus avenue; and Miss Charlene Graham, 18, daughter of Mr. and Mrs. Kenneth Graham, 2017 Manley avenue.

Rides, Concessions
 A wide assortment of carnival rides and games, together with a panoramic display of entertainment will be featured during the homecoming celebration, according to David Walker, Jaycee entertainment chairman.

Approximately 14 local organizations and service clubs will provide a variety of food items, ranging from tacos to fish, James Jeffries, concession chairman announced.

Starting at 7:30 p.m. Thursday, local youngsters and adults alike again will be able to see an hour-long performance of the "Koozets," a puppet show, from St. Louis, who are slated to perform at the fête from known puppeteers, Mr. and Mrs. 24 p.m.

Stolen Car in Accident, Two Persons Flee Scene

An auto stolen from Warren Taylor, 4210 Kirkpatrick Homes, hit a cyclone fence, maple tree and lilac bush at the homes of Mrs. Carl Fitzhugh, 3008 Sinclair avenue, and Mrs. Martha Jarman, 3024 Sinclair avenue at 9:40 a.m. Tuesday.

Two persons were seen running from the car. The owner was not aware that it had been stolen.

Parking Lot Accident

The left door of the auto of Brenda Dawes, 17 Terrace lane, parked on the Snack Shack lot, Niedringhaus and Washington avenues, was struck by another

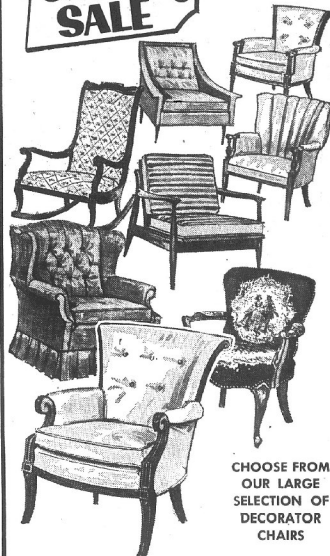

driven by Penny L. Oshla, 2737 Iowa street, at 10:30 p.m. Monday.

Summer School Classes Offered in Venice District

Excellent response last year to the initial summer school program offered Venice students resulted in Venice school board members authorizing the six-week voluntary instruction series to be continued again this year, school board members decided Monday evening.

Supt. John O. Pier said classes will start Monday, June 19, for both high school and elementary levels.

No charge will be made to students participating in the 9 a.m. to 1 p.m. daily schedule. The program will be financed with a federal grant obtained under Title I of the Economic Opportunity Act.

Credits will not be given for the summer academic program. Students who have received a "barely passing" or "failing" grade should benefit from the remedial reading and remedial mathematics programs, Pier said.

Special sessions for high school seniors who have not completed requirements will be conducted in conjunction with Madison high school's summer program.

At the Venice school, instruction in remedial reading and remedial mathematics, will be available to fourth through 12th grade pupils, while first through third grade youngsters may attend sessions in phonics.

Home economics will be offered seventh, eighth and ninth grade girls and an industrial art course to boys of the same grade levels. A high school level personal typing course will be available to ninth-12th grade students; arts and crafts instruction for youngsters in the fourth through eighth grades, and physical fitness classes for first through eighth grade levels.

Guidance and counseling services will be available.

Attendance in the summer program may be arranged to allow students to take one or more courses. At least one hour daily attendance is recommended for each subject. Pupils enrolled will be excused for sickness or vacation period of parents.

Last summer, nearly 300 Venice students participated in some phase of the summer school, Supt. Pier noted that total enrollment in all Venice schools during the regular 1965-66 school term was approximately 750 pupils.

Ainad Temple to Hold Circus Parade on Friday

Ainad Temple will bring a circus theme to the area at 8:30 p.m. Friday when it will hold a 1½-hour parade in Belleville prior to its weekend circus.

Led by illustrious Potentate Roy L. Willmizig Jr., of Granite City, Ainad will have all of its units from Southern Illinois as well as the Moolah Temple from St. Louis, plus many units from other civic and fraternal groups.

Starting at 2300 West Main street, the parade will proceed to the square where a reviewing stand will be located, then to 600 East Main street where it will disband.

Units in the parade, other than those from Ainad, include bands from St. Mary's and Cathedral parochial schools, Signal Hill grade school and the Lancers, Belleville's newest high school band.

Jobs Daughters from four cities, Rainbow Girls, DeMolay clowns from Columbia, a DeMolay float from Belleville, the Piasa Indians and the Marilyns, two baton groups, a YMCA day camp float from East St. Louis, VFW color guard, High 12, Masonic bodies from East St. Louis and Belleville.

The grand knight of the Belleville Knights of Columbus council, and five drum corps which include the Gabriettes, Belletes, Crusaders, Black Knights and the Memorial Lancers from St. Louis.

William Popkess, Ainad parade marshal, said he expects one of the largest turnouts in Belleville history. More than 75 clowns will be working the parade route, and 200 pounds of candy will be distributed.

Venice GED Program To Start June 19

The Venice school district will sponsor its third summer program of adult education under the General Education Development series, it was announced Monday evening by Supt. John O. Pier.

About 60 adults have registered for the course which provides an opportunity to get the equivalent of a high school diploma.

GED classes will start at 9 a.m. Monday, June 19, at the Venice city garage on Klein street. Three instruction periods will be conducted daily, Monday-Friday, each limited to three hours.

Class schedules are from 9 a.m.-noon; 1-4 p.m.; and 7-10 p.m. Lewis E. Sabini, Venice high school principal, will be the coordinator.

Optimists to Install New Officers Tonight

Granite City Optimists will install new officers at a seven o'clock dinner-dance evening at the Granite City Army Depot Officers' Club.

Frank Rea, installation dinner chairman, said 80 reservations have been completed.

To be installed for 1967-68 are: Dr. Raymond E. Troyer, president; Herman R. Muelder and Fred Cunningham, vice-presidents; John D. Solenberger, secretary; Floyd T. Mitchell, treasurer; Wesley W. McIlvoy, sergeant-at-arms; and directors,

John Drees, Richard "Hector" Ashal, Gene H. Sternberg and George Reeves.

Wilbert Tribes, retiring club president, announced Monday that Sternberg, a former Optimist International vice-president, has been elected to the Optimist Central-Southern Illinois District Board of Honor.

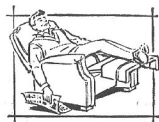

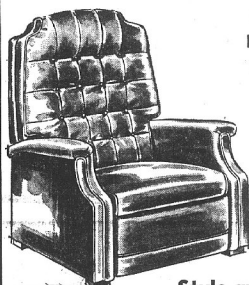

The board is composed of an Optimist from each district, selected for outstanding qualifications and achievements in Optimist work.

Miss Judith Grace Towse Is Bride of Walter Olson

Miss Judith Grace Towse, a now employed by the Mallinckrodt Institute of Radiology at Barnes as a research assistant. Mr. Olson received his master's degree in chemistry from St. Louis University and is employed in Washington University Medical Research department at St. Louis City Hospital.

The Rev. Timothy Toohy officiated at the 7 o'clock ceremony, and a reception was held afterward at The Flaming Pit on Chippewa street, St. Louis.

The bride wore a gown of saki linen. Floor-length, it was styled with a slim skirt and a fitted bodice. Venice lace trimmed the short sleeves, and the hem of the dress and the low back featured tiers of panels. The bride held a bouquet of white daisies and lilies.

Attending the couple was the bridegroom's sister, Miss Lynne Olson, as maid of honor, and his father, best man. Miss Olson was attired in maize saki linen. The fitted bodice had a scoop neckline and the back was accented with a bow at the waistline. Her flowers were daisies also.

After a honeymoon at the Lake of the Ozarks, the couple will reside at 4119 Magnolia avenue, St. Louis.

The former Miss Towse is a Mrs. Bea Rittenhouse and her 1965 graduate of Barnes Hospital and St. Louis School of Nursing and is Mrs. Opal Sipes.

Evening Guild Closes Season

The Evening Guild of St. John United Church of Christ held the final meeting of the season Monday in the church fellowship hall with 21 members present.

Devotions were led by Mrs. Wilma McQuinn on the topic "Youth Views Age," and the birthdays of three of the members were celebrated.

Mrs. Dorothea Rivenburgh presented the speaker of the evening, the church pastor, Rev. Paul Surbey, whose subject was "The Use and Abuse of the Bible."

Mrs. Thelma Sues, president, was in charge and reports of the various committees were heard. The group also contributed to the church building fund before adjourning to meet again Aug. 28.

The new officers are to be installed at that time.

Refreshments were served by Mrs. Bea Rittenhouse and her committee, Mrs. June Craig and Miss Opal Sipes.

RECENT BRIDE, Mrs. Ronald McBride, the former Patricia Hoffman, a daughter of Mrs. E. G. Hoffman, married in the chapel at Fort Walters, Tex.

40th Wedding Anniversary

Mr. and Mrs. Thomas S. Ryan, 2528 Sheridan avenue, were guests of honor this week at a reception given by their children, Mr. and Mrs. Thomas J. Ryan, Mr. and Mrs. Robert Shipley and Mr. and Mrs. Larry Richey in honor of their 40th wedding anniversary.

Arranged as a surprise, the party was held in the Red Room of The Travelodge.

The guests of honor were presented with a bouquet of American Beauty roses by their grandchildren, Bobby and Michael Shipley, Shane, Shawn and Shara Ryan, and Mark Richey.

A round table draped in ruby velvet over white satin held tall red tapers in gold candelabra and the guests were seated at tables decorated with red rose centerpieces. The buffet meal was served to about 80 persons.

Among the out-of-town guests were Mr. and Mrs. Elzy Henson and Mrs. Dorothy Shipley of St. Louis; Mr. and Mrs. James Streett, Clayton Mo.; Russell Solomon, Mr. and Mrs. Jack O'Neill and daughters, Sherrie and Tracey, and Mrs. James Mann of Edwardsville; Mr. and Mrs. Arnold Howells and sons, Gary and Paul of Collinsville.

Many gifts were presented to Mr. and Mrs. Ryan by their family and friends.

After the reception, the third birthday of little Shara Ryan, one of the granddaughters of the couple, was celebrated at a party with the maternal grandparents, Mr. and Mrs. Jack Elmore, and Mrs. Dorothy Wolford attending.

Mrs. GIDEON HONORED AT FAREWELL PARTY

A coffee, neighborhood party was held Monday in the home of Mrs. Lillian Compton, 2932 Grand avenue, honoring Mrs. Robert Gideon, who is moving to St. Louis. She has been residing at 3023 Grand avenue.

Others present were Mrs. Mary Yeach, Mrs. June Carille, Mrs. Evelyn Rutledge and daughter, Brenda, Mrs. Josephine Rozycki, and daughter, Margie, and Mrs. Lee Ennis and daughter, Jerry Lynn.

LONG CROSSING DELAYS FOR RESIDENTS OF BEND
To the Editor:
I used to think trains were something special. Now I consider them monsters.
We live in an area with only 150 other families and only one road leads out of this area. Blocking our road constantly are trains. I should say one train. We are all of times sitting for 15 to 45 minutes waiting while the train blocks this in. Men have been late to work. We have been late for doctor appointments and many other things. One couple came to see us one evening and sat almost an hour late at night on their way home, blocked by a train just sitting on the tracks across our road.
I am waiting for the day one of us has a sick child, or someone with a heart attack or some other emergency and we can't get in or out. Do they think people can die in a very few minutes?
Bend residents, let's fight. It seems to me that with all this ground out here, they can switch or sit and wait somewhere else without blocking our one road out of this area.
If they can block us, why can't

we start blocking their trains? They are independent and think they can get away with doing. Rules and laws mean nothing to them.
I wish trains had never been invented. I hope they go out of existence.
When is this going to stop? Let's get something done about this.
BEND ROAD RESIDENTS.
To the Editor:
I would like to thank you for the time and money it must cost you to print student "work wanted" ads. Even though I was late to submit my ad, it ran for only one issue. I was contacted by the Lybarger Material Co. and now have a steady summer job. You must realize how very important this job is to me since I will be starting college this year at Carbondale.
Again I would like to thank you for running free my ad for work wanted.

Could 'Interlocutor' Lead to Peace?

(U. S. Department of State)
My suggestion that Hanoi's term "interlocutor" is a word equivalent for the Oriental face-saving "go between?"
It avoids legal recognition of the U. S. position in South Vietnam.
I suggest a counter-offer that Saigon and the Viet Cong both be present at a conference as "observers" and that they agree on a three-party mechanism to range for a ceasefire and withdrawal of U. S. and North Vietnamese forces.
Simultaneously or subsequently, Hanoi and Washington could sit in as observers while Saigon and the Viet Cong seek to reach agreement on their respective roles in the South Vietnamese Government, to avoid each other having to recognize that other's position as the de jure government.
C. H. P.
Dear Mr. P.:
Your telegram commented upon the possible implications of Hanoi's use of the term "interlocutor" in recently referring to the National Liberation Front.
As you know, we are constantly analyzing all statements by Hanoi, the Front, and other interested parties in Vietnam for any signs of an interest in finding an acceptable formula which would permit talks to begin.
We are also exploring all avenues to probe Hanoi's intentions.
Up to now, however, Hanoi has constantly coupled the use of the term "interlocutor" with other phrases making clear that in Hanoi's view the National Liberation Front must still be recognized as the sole genuine representative of the South Vietnamese people before there can be any prospect of talks.

Ignore Fluctuations in Market

BY THOMAS E. O'HARA
Chairman, National Associations of Investment Clubs
Q. My wife and I had \$10,000 invested in five major companies and two speculative firms last year. We sold out on Aug. 1 because the steady decline in the stock market was making us nervous. We put \$10,000 in 4½% certificates of deposit, and are thinking about getting back into the market. Would you have had \$10,000 in the market when you were \$6500. Do you think this is a good time to do it?
A. In my 30 years in investing, I have yet to see anyone do well by getting into and out of the market. Successful investing involves putting your money in a good growing company and leaving it there, regardless of market fluctuations.
You can prove this for yourself by figuring out how much you lost by selling when you did: you sold when prices were at the low point of the year.
The companies you sold are all excellent ones and would almost certainly have produced a good return for you over the long pull. However, that's water over the dam.
As for your getting back into the market now, I don't know whether this is a good time or not. No one can say for sure. I can say it is that purchases of shares in a company that are increasing its sales faster than

Tax Deductions Obtained When Contributing to Hospital Drive

For 50 years, Congress has encouraged support of hospitals by permitting tax deductions. This has directed the application of the fund drive of St. Elizabeth Hospital, a non-profit institution.
Individuals may deduct gifts of up to 30% of their adjusted gross income, with tax savings of up to 70% in 1967.
Corporations can add the hospital and reduce their taxes by up to 48% of the amount contributed. Deductions in excess of 5% of taxable income may be carried forward for five years.
These are not the only direct financial benefits. The \$1 million minimum goal has been reached, for example, is bringing \$5,366,000 in new construction and alterations. Supplementing the direct contributions are a \$2,750,000 long-term loan, a \$910,815 in special grants, and \$705,181 in expected additional federal funds.
The next \$500,000 contributed in order to reach the \$1,500,000 challenge goal will enable \$250,000 to be added to the long-term loan; another \$208,000 in special grants and bequests are anticipated. This \$958,000 together with the \$5,366,000 makes possible improvements totaling \$6,324,000.
The grand total rises to \$8,500,000 with inclusion of a \$2,176,000 third phase. This takes into account a potential extra \$1 million from the U. S., a \$500,000 loan and \$676,000 gifts and bequests.
It can be seen that Quad-City's are being asked to meet only a fraction of the overall capital expansion cost. And much of what they contribute will be paid back to them in the form of lower income taxes.
Viewed from a dollars-and-cents standpoint as well as in other ways, the current hospital campaign is one in which all can afford to participate wholeheartedly.

Hospital Expansion, Competition For Health Personnel Are Linked

(The current St. Elizabeth Hospital modernization and expansion program has been expected to aid in attracting needed doctors and other health personnel to the Quad-Cities. The following commentary on the national health services manpower outlook is by the U. S. Department of Health, Education and Welfare.)
Manpower shortages in the health services are likely to continue despite new labor-saving devices and increased efforts to expand the supply of health workers, according to a new report from the Department of Labor study.
Increased demand for medical services and \$2,209,300, and in this range you pay 1% of the amount invested plus 3%.

If you want to buy stock at a specific price, you must tell your broker what you want to do. If he will not place your order until it falls to, or below, that figure.

'Yes' Vote Saturday Essential to Avoid Big Sewer Tax Burden on Granite City

The \$1,500,000 grant available to Granite City through a "Yes" sewer construction vote Saturday is probably the largest single federal allocation ever offered to this community. Budget previous grant that we recall is the \$600,000 used to build the northernmost classroom wing at Granite City high school.
Granite City cannot afford to pass up this opportunity. Every dollar they fail to use from this grant undoubtedly will have to be made up by local taxpayers out of their own pockets if they fail to pass Saturday's \$1,900,000 bond issue.
Voters got a reprieve from last month's \$8 million sewer bond defeat, and can salvage the \$1,500,000 grant Saturday.
But if they fail this time, there is no way that this area going to get so to another city or cities before the end of this month if Granite City rejects it. The Housing and Urban Development Department already has warned of this.
A "Yes" vote makes sense not just because the federal money is available, but because the improvements that it will help finance are so vital:
1. Sanitary sewers for all areas that lack them.
2. Stormwater sewers for a large central area, bounded generally by 20th street, Edwardsville road, the Nameoki stormwater channel and the railroad tracks.
3. Room in the sewer system for the sanitary sewage from outlying areas so it can drain to the river when it is raining as well as during dry weather.
The inconvenience of flooding and the health hazard of sewage backup and overflow are nuisances that Granite City must remedy.
City officials are convinced that in the cities that fail to separate their sanitary and stormwater sewage—as Granite City has so far failed—the State Sanitary Water Board will be empowered to order compliance without voter approval. In such a case, large daily financial penalties could be assessed against municipalities that tried to delay further.
Anyone who doubts that the state can take such action need only consider Granite City's sewage treatment plant. Voted down here several years ago, the treatment plant was built anyway on a subsequent Sanitary Water Board order. Granite City's are paying for it, like it or not. They are doing it the hard way, at a charge of 90 cents a month.
What is at stake Saturday is whether local taxpayers are going to start the task of separating their sewer pipes the easy way or the costly way.
With a "Yes" vote, cost of the \$3,400,000 sewer improvement program (\$1,900,000 general obligation bonds and \$1,500,000 grant) can be kept to 2½% of local property tax bills—a yearly cost equivalent to only several dimes a month for most taxpayers instead of an estimated 55¢.
Sixteen conveniently located polling places will be open from 6 a.m. to 6 p.m.

Explanation on Tax Refund Checks

(Internal Revenue Service)
Q—I own a small business and had to file several tax returns. I just got a refund check and I'm not sure what it's for. How can I find out?
A—This year, refund checks are identified by class and period of tax. For example, refunds on individual income tax are identified as TAX REF while corporate income tax refunds are identified as CORP REF.
This identification appears at the right of the check just under the amount. Employment and excise taxes are also identified.
The period covered by the check, either a year or quarter, is shown at the left of the check, under the date the check was issued.
A close examination of your check, therefore, will show which tax it covers and the period involved.
Q—I am planning to set up a neighborhood service business during school vacation this summer. I'll have lawn mowers, wash windows, etc. Will I be taxed on what I make?
A—You will have to file an income tax return if your earnings are \$600 or more for the year.
You also may be liable for self-employment tax if your net earnings from the job you do are \$400 or more.
Keep a record of what you are paid and your expenses for equipment, supplies and so forth. This will help you determine whether you earned enough from this and other sources to be required to pay taxes.
Q—Our house is up for sale. In figuring any profit do we have to include the commission we pay our broker?
A—No. Your broker's commission, any advertising expenses, legal fees and similar costs may be deducted from the sale price. There is a price tag on these items so you can substantiate them if called upon to do so.
Complete instructions on this subject is contained in IRS Document No. 5017, "Selling Your Home." Send a postcard to your nearest director for a free copy.
Q—When is the next payment on my estimated tax due? Also, how can I change my estimate?
A—The next installment is due June 15 and any changes in your declaration should be made then. There is a place to amend your estimate on the bill sent you for this installment.

Bacteria at War Within Our Food

(American Institute of Biological Sciences)
Common bacteria probably have saved many people from food poisoning—by spoiling the food.
The reason for this apparent incongruity, a University of Wisconsin bacteriologist reports, is that these harmful bacteria in food may inhibit the growth of other, more dangerous organisms.
For example, food handling may introduce toxic organisms (Staphylococcus aureus) and set the stage for intestinal poisoning. This well-known bacterial species is found on the skin and in nasal passages of humans.
Value of Refrigeration
When food is refrigerated, the cold retards the growth of staphylococci. Then, certain common food microorganisms can compete more effectively with the toxic forms and reduce or even prevent their growth.
The variety of bacteria that can inhibit staphylococci, Clostridium and Proteus bacteria, commonly found in raw foods, usually outnumber the staphylococci by a large ratio, thus preventing the toxic organism from reaching hazardous numbers.
Lactic acid bacteria may also inhibit growth. The lactic acid bacteria used in cheese production are important since milk for raw-milk cheese is likely to contain staphylococci.
In addition, it is likely that the foods will contain more competitors than a staphylococcus. These competing bacteria cause the chilled food to become unpalatable before hazardous numbers of staphylococci develop.
Pre-cooked food is a potential source of danger, for although the toxic bacteria are destroyed in processing, so are the competitors. Staphylococci may recomminate the food and grow to hazardous levels. Recantamination, however, often includes the competitors.
Fortunately, it is likely that the foods will contain more competitors than a staphylococcus. These competing bacteria cause the chilled food to become unpalatable before hazardous numbers of staphylococci develop.
Pre-cooked food is a potential source of danger, for although the toxic bacteria are destroyed in processing, so are the competitors. Staphylococci may recomminate the food and grow to hazardous levels. Recantamination, however, often includes the competitors.

50 YEARS AGO

JUNE 8, 1917
Francis King, 11, while playing on the hitching rack at the corner of 18th and D streets, fell and dislocated his right arm at the elbow. The lad was taken to the office of Dr. Binney right across the street, and the injured arm was put back into place.
Adolph Germer, national secretary of the Socialist Party, will address a public mass meeting at the band stand, corner of 20th and E streets, Saturday evening at 8 p.m. In case of rain, the meeting will be held at the Trades Council Hall.
Germer is a well-known labor leader who has taken an active part in the organization of the United Mine Workers. He will speak on the contest of Mayor Kirkpatrick's election and other matters. All men and women roll.

25 YEARS AGO

JUNE 8, 1942
Mrs. Leola Arbogast and Mrs. Martha Monague were co-hostesses to the Past Chiefs of the Pythian Sisters at the home of Mrs. Hutchinson on Pontiac Beach.
Mrs. Ella Ogle was in charge and, under the usual discussion of business, the club members were entertained at games. Mrs. Bertha Whalen, Mrs. Ogle, Mrs. Irma Zimmer and Mrs. Eleanor Anderson held winning scores, and the attendance prize went to Mrs. Daisy Cherry.
The meeting was the last of the season. Sept. 3 will be the date of the fall opening, and Mrs. Lillian Chepeley will be the hostess, assisted by Mrs. Nettie Conroy. Eighteen attended.
The Thursday club closed its current season with a party at Hotel Laramie in St. Louis. Luncheon was served at one o'clock to the club members and a guest, Mrs. St. Graham of Torrance, Calif., a former Granite City resident. First honors went to Miss Betty Niedringhaus and second to Mrs. Ray Robertson. Miss Betty Weddel was winner of the consolation favor.
Mrs. Jack Champion has been voted a life membership by the club. She is the next meeting.

County Farm Advisor's Tips On Outdoor Mosquito Control

With mosquito season here, Warren W. Bundy, Madison county farm advisor, is issuing tips on mosquito control measures.

"One very important mosquito control measure outside the house is to eliminate standing water in such places as eave troughs, old tires, tin cans, children's toys, storm sewers, ditches, etc."

"When needed, sprays apply a water-base spray containing 0.5 per cent malathion (1 ounce of 50- to 57 per cent liquid emulsion concentrate per gallon of water) to shrubbery and tall grass. During problem periods, repeat this every week or two. Do not use malathion on canned red cedar."

"For quick knockdown at cookouts or outdoor parties, use either 0.1 per cent pyrethrin or 0.5 to 1 per cent dichlorvos (DDVP) as an oil or water-base space spray. Spray the mist lightly beneath tables and chairs

and into the air for a few feet around the area. If the mosquitoes are numerous, it may be necessary to spray not only beforehand but also once or twice during the event."

"When entering mosquito-infested areas, use a repellent on exposed parts of the body."

For control inside the house, screens on windows and doors in good repair. Hang plastic resin strips containing 20 per cent dichlorvos (DDVP). Use one per 1000 cubic feet (one per average size room). The dichlorvos vaporizes slowly, killing mosquitoes and flies without harming people or pets. These strips should remain effective for about six weeks. As an added precaution, hang the strips out of reach of young children and away from fish bowls and food counters.

A 0.1 per cent pyrethrin space spray, applied from a pressurized spray can, can be used for quick knockdown in place of the

dichlorvos resin strips. Frequent treatments may be needed during problem periods.

A sound community-wide mosquito abatement program is a few miles from outlying breeding sites into urban areas. But you might be handling them if water is standing there."

Water is necessary for mosquitoes to multiply. The adult female mosquito lays her eggs on standing water or in places that later become flooded. In warm weather, the eggs of most mosquitoes hatch in 2 or 3 days. But some mosquito eggs require a drying period and may remain dormant for months, hatching within minutes after being covered with water. The larvae become full grown in about a week and feed mainly on bits of organic matter in the water. The pupae usually change into adults in about 2 days. In another day or two, the female adults are ready to bite.

1865 Dolley Madison Doll Presented County Museum

A genuine "Dolley Madison" the museum because the doll was named after the doll's counterpart in life, the wife of President James Madison. The pair of fireplace type dolls were popular as wedding gifts in the 1860s.

The gifts were made by Mrs. Maude Trevillion, who operates a doll museum at Elsie. She said she presented the doll to

GC Township Bills, Reports Approved

In a brief session at the town board Monday night, Granite City council members accepted the May report of Township Supervisor Nelson Huguier and approved current disbursements from the town fund and the general assistance fund.

The supervisor's financial report showed the following fund balances on May 31:
General assistance, \$134,367 after disbursements of \$8650 for relief cases; Town fund, \$13,078 after disbursements of \$6575 and receipts of \$14,000 from issuance of a tax anticipation warrant; and Illinois Municipal Retirement Fund, \$832 after disbursements of \$406.

The current disbursements approved were \$2788 from the general assistance fund and \$3107 from the town fund.

Fr. Fraley to Leave Sunday for Korea

Pic Steven Fraley, a son of Mr. and Mrs. Paul Fraley, 38 Mikel drive, Arlington Heights, is home on leave from the U. S. Army and will depart Sunday for Port Lewis, Wash., enroute to Korea.

Fraley was graduated from Army intelligence school on May 19. He is a 1965 graduate of Granite City high school, and attended classes at STU-SV campus.

So True
More progress comes from a little encouragement than from a whole book of advice.

HAVE YOU TRIED RED BARN'S NEW CHICKEN?

\$21,000 to be Budgeted For Waterman Ave. Curbs

Inclusion of \$21,000 in the city's new budget was authorized by Granite City council members Monday night for installation of curbs and gutters for three blocks along Waterman avenue from Washburn avenue to Maryville road.

Bids are to be sought for the 1967-68 program of curb and gutter replacement and new sidewalks.

Bids also are to be sought for removal of a tree stump and roots between the sidewalk and curb at a location in the 2200 block of Delmar avenue.

There are stumps all over town that need removing and that this could set a precedence, but Street Sup. Warfield agreed with the request by Third Ward Alderman Poulos that this was an unusual case of roots which pose a problem and possibly a danger.

Several solutions were offered by other aldermen. Bartosiak noted the roots would not stay in a few years, or they could be chopped off. Basarich suggested that if it was such an unusual thing, "why not sell tickets to see it and use the money for the removal."

On a roll call vote to get bids, the vote was 8-7 for Poulos. Alderman Dallas had left for work.

A second low bid of \$199 by Dempsey-Adams Auto Repair was accepted by the council for repairing the auto of Mrs. Marie Moore that was damaged May 23 when it was struck by the city street sweeping machine.

The low bid was by Lee Auto Repair in Madison in the amount of \$179, and Superior Auto Body bid \$211.

Alderman Johnson, chairman of the Street committee, recommended the \$199 bid, pointing out it would be better for the city to patronize a local shop owner who pays taxes to the city. "The difference is only \$20," he noted. Opposed to the second bid were Aldermen Bartosiak, Whitmer and Fry.

Accepted by the council was the low bid of \$1545 by A. H. Seebold Co. to install a sanitary sewer along West 23rd street to serve a new church. The only other bid was \$2985 by G. H. Sternberg Co.

A permit was granted for an excavation by Illinois Power Co. to take place June 12-16 along Ridgegate avenue at East 22nd street to install a gas main to serve a trailer court.

AMVETS POST 51 AUXILIARY installed in joint ceremonies at the Post Home, 5100 Lakeview drive. Front row, left to right — Mrs. Betty Wilkens, past president; Mrs. Pauline Wickham, senior vice-president; Mrs. Agnes Conkovich, president; Mrs. Ann Tucker, installing officer and Division 5 Auxiliary president; Mrs. Louise Couch, junior vice-president, and Mrs. Charlotte Damal, secretary. Back row — Mrs. Dorothy Manning, proxy for Mrs. Melba Manning, S.O.S. officer; Mrs. Donna Squires, hospital chairman; Mrs. Marge Smith, chaplain; Mrs. Jean Murphy, treasurer; Mrs. Dolores Robinson, public relations officer; Mrs. Charlene Sanders, membership chairman, and Mrs. Lila Sanders, Americanism.

AMVETS POST 51 officials installed this week are, front row, left to right — Rex Manning, retiring Post 51 commander; Russell Robinson, new commander; Benjamin Sanders, first vice-commander; J. R. Wilkins, second vice-commander; Richard Reinhardt, third vice-commander, and Albert Damal, finance officer. Second row — Stuart Couch, adjutant; Jay Sanders, historian; Leo Clements, provost marshal; Steve Conkovich, public relations officer; David Murphy, membership chairman, and Joseph Wickham, chaplain. Not shown is William Webb, service officer, who installed the past executives.

Amvets 51 and Auxiliary Break-Ins Occur At Two Schools

A small amount of change was taken from an office drawer in a burglary at Emerson school, 20th and Benton streets, it was reported Monday. Entry was gained by removing a small pane of glass from a basement window.

About \$1 in postage stamps and an adding machine were stolen in a burglary at Washington school, West 20th street and Nevada avenue, it was reported Monday.

1962 Auto Stolen
A gray over white 1962 four-door auto was stolen from Elledge Motors, 19th street and Grand avenue, last Saturday, it was reported Monday afternoon.

The front door of Vaughn's Pharmacy, 1830 Delmar avenue, was pried on in an attempted burglary, it was reported at 8:30 p.m. Monday. There was no entry.

An attempt was made to force the rear door at the C & C Country beauty shop in the Nameoki Village shopping center the previous night, it was reported at 9 p.m. Monday. There was no entry.

A green lawn mower valued at about \$20 was stolen from the home of Joseph Luftman, 2905 Iowa street, he reported at 7:40 p.m. Monday.

GC Man Suffers Heart Attack in St. Louis

Earl R. Lungwitz, 3112 Jill avenue, is under intensive care at John Cochran Veterans Hospital, St. Louis, where he was taken after suffering a heart attack in his family doctor's office in St. Louis Monday afternoon. His condition is listed as critical. He is an employee of the U. S. Mobility Equipment center in St. Louis county.

Practical Plan
Always take advantage of the little opportunities that come along and you won't have to wait for the big one.

Boy Bitten by Dog

Johnnie Kampmann, five, of 215 Kerr street, Venice, was bitten on the right ear Monday afternoon by a dog at the home of a neighbor, Earl Hogan, 221 Kerr street. The boy was treated at St. Elizabeth Hospital. Police ordered Hogan to take the dog to a veterinarian for observation.

Parade for Homecoming By Jaycees Ok'd by City

Permission was given by the city council Monday night for the Granite City Jaycees to conduct a parade along Madison avenue at 6:30 p.m. June 13 to promote the annual Jaycees Homecoming that weekend and the Miss Granite City contest next week.

The parade is to begin at 24th street and proceed to the Nameoki Village shopping center where homecoming festivities with carnival rides and concessions are to be held on the parking lot at the rear of the Kroger store.

Michael Day is the parade chairman who submitted the request to the city.

BENEFITS FOR CITY THROUGH BOND ISSUE

To the Editor:

The city of Granite City has been awarded a \$1,500,000 federal grant to assist the taxpayer in the cost of separating the storm water from the sanitary sewers and to install sanitary sewers in those areas where there are none. In order to use this grant, it is necessary for the city to match it with \$1,500,000, plus \$400,000 for engineering and right-of-way purchase which cannot be paid for with the grant.

On June 10, the citizens will have the opportunity to vote to determine whether or not this grant is used. An "X" in the square beside the word "Yes" will authorize the city to use the grant in the amount of \$1,500,000, so that this much needed improvement can be made to our sewer system. If the bond issue is not approved on June 10th, the federal grant is lost.

Let's review the improvements proposed in this bond issue and the cost as it applies to you and me, the people who will have to pay for it.

The present combined sewer system, in an area bounded by 20th street on the south, 26th street on the north, the Nameoki drainage ditch on the east, and the railroad tracks on the west, will be separated.

Sanitary sewers will be installed in the North Granite area, on Mercer drive, and in the West Granite area, where there are none today.

The total cost of these improvements will be \$2,400,000 with \$1,500,000 of this figure being paid by the federal grant and the balance to be paid by the citizens, industry and business in Granite City.

The installation of the sanitary sewers will be paid for as follows: From the federal grant—\$100,000. The balance, or \$125,000, will be paid by the revenue bond issue, to be retired in the same manner as the sewer bonds in the Nameoki area. The property owners, where their sewers are installed, will pay a tap-on fee and a monthly rental. Those who have sanitary sewers now, will not help pay for the new sanitary sewers in any way. This is a bargain for the people in the areas where there are no sewers.

The cost of the separation of the storm water from the sanitary sewers will be paid for by a general obligation bond issue. This is being done in this manner so that business and industry will have to pay their share of the cost. This means to us, the individual property owner, that the federal grant will pay 50% of the cost, business and industry will pay 33%, and we will pay 16% of the cost. This is a bargain for us.

To be more specific about the cost of the individual property owner, our cost for these matching funds can be figured at 2% of our yearly Real Estate Tax bills.

Can we afford to lose the \$1,500,000 federal grant and the improvements it will provide? We, your Aldermen, feel that we cannot and we urge you to go to the polls on June 10th and mark an "X" in the square beside the word "Yes."

If our house needs painting, we paint it in order to protect our investment.

If our car needs an oil change, we have it changed in order to protect our investment.

If our sewer system needs to be improved, do we improve it to protect our investment?

This is a decision that must be made by all of us.

The need is urgent. Financial assistance is available.

Your decision is vital to the future of Granite City and all of its citizens.

SEWER BONDS WILL END STREET FLOODING, BACKUPS

To the Editor:

On Saturday, June 10, 1967, there will be an election for general obligation bond issue, in the amount of \$1,500,000. This is to be used to install storm water sewers, in the old sections of Granite City, from 20th street to the park, and from tracks to the Nameoki drainage ditch.

The federal government has given the city \$1,500,000 to use for this purpose, but in order to utilize this grant, the city has to match this amount, plus pay for all engineering and purchase of land for right-of-way.

This project will separate the

SIXTH WARD ALDERMEN OPPOSE BOND ISSUE

To the Editor:

We have reviewed plans and tax rates for the sewer bond election June 10th very thoroughly in respect to the benefit for the 6th Ward as well as for the city in its entirety.

Citizens on the east side of Nameoki road have paid and are still paying (until 1880) dearly for their sewers. Our problem is that the sewer section of the city does not have adequate pipe size to handle their own sewerage as well as our sewerage. Now we are being asked to pay for sewer lines to handle the old sections sewerage (Oh yes, also our sewerage will be able to get through). We can not see why revenue bonds could not be sold on the basis the Nameoki sewers were put in and the other section of the city pay for them rather than the Nameoki area people paying once for their own sewers and then paying again so we can get the sewerage through the old section of the city.

This sewer bond election will not put one storm sewer in the area from St. Clair and Nameoki road north to the city limits and east to the city limits including the Glenview area.

Just look around some rainy day and see if we don't need some relief now. This area is paid for by the homeowners; I know of no way that can bring the city and approximately

The federal government has issued our city a \$1,500,000 grant, to improve our sewer system if we match these funds. On June 10th, we will hold a bond election asking you to approve the matching funds. These matching funds, plus the federal funds, will provide a large section of our city with a separation from our sewer system, at half cost! This will help all sections of our city by taking storm water out of our sewers and providing more room for sanitary sewage. Our cost for these matching funds can be figured at 2% of our yearly real estate tax bills. The citizens that do not have sanitary sewers will get their sewer and will pay the same rate as the people in the old Nameoki area; only these bonds will pay out half the time, due to your federal funds.

If we vote this issue down, the State Sanitary Water Board has the legal power to step in and direct local government to act. This would mean a separation of our sewer system without federal funds, without our vote. We taxpayers would then pay the full cost of the sewer system without federal funds. The citizens that do not have sanitary sewers will get their sewer and will pay the same rate as the people in the old Nameoki area; only these bonds will pay out half the time, due to your federal funds.

As your mayor, and a taxpayer, I suggest you give this matter your deepest consideration, and go to the polls and vote on June 10th.

FEDERAL GRANT IS GIFT—NOT LOAN TO CITY

To the Editor:

The federal government has granted to the city of Granite City \$1,500,000 to install sewers in our city. This is a gift and is not a loan, but the city is required to raise \$1,500,000 in order to receive the federal money. The city has been told if we cannot guarantee the federal government that the city has its share by June 10, 1967, then the federal grant will be lost and given to another city.

The Seventh Ward receives substantial benefit from this sewer project by eliminating the flooding of streets and the back-up of sanitary sewage into streets and basements.

The cost of the project will be paid for by industry (32%), federal government (approximately 50%), and less than 20% will be paid for by the homeowners. I know of no way that can bring the city and approximately
